SUPPLEMENTARY INFORMATION:

A. Purpose

GSA's OCS currently provides service to citizens through the Internet at USA.gov, GobiernoUSA.gov and a family of consumer Web sites, through the phone at the National Contact Center 1-800-FED-INFO (1-800-333-4636), and through the distribution of print publications from the distribution center in Pueblo, CO. In addition, OCS communicates with the public through e-mail, an online blog at <http://www.govgab.gov> and online personal assistance.

Additional market research is needed on a continual basis to develop customer service strategies and determine the future directions for our multi-channel efforts at OCS and for those customer service activities in other government agencies. This is especially true in the current Web 2.0 environment where citizens, particularly in Generation X and Y, have different communication and collaboration styles and needs. Since citizens expect their government experience to be on par with those they have with the private sector, it is crucial to determine how best the government can serve citizens in a world with rapidly changing technologies. Surveys will include questions regarding communication channel preferences for how citizens contact government, service level expectations and interests in social media and Web 2.0 applications. OCS will share this information and collaborate with all government agencies that are working to improve citizen engagement and customer service.

OCS will work with a market research vendor that has an established panel of Americans who have agreed to take

surveys for various clients. Therefore, OCS will not be collecting or storing any personally identifiable information. The vendor will also provide support in: (a) The development of questions; (b) building, programming and disseminating the online surveys; and (c) analyzing the responses. OCS will work with the contractor to ensure that the citizens recruited and surveyed represent a statistically valid demographic cross section of the American public.

B. Annual Reporting Burden

Respondents: 3,500.

Responses per respondent: .25.

Annual Responses: 14,000.

Hours per response: .33.

Total Burden hours: 4,620.

Obtaining copies of proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (VPR), 1800 F Street, NW., Room 4041, Washington, DC 20405, telephone (202) 501-4755. Agency Information Collection Request; 60-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance

the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to Sherette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collections must be directed to the OS Paperwork Clearance Officer at the above e-mail address within 60-days.

Proposed Project: "Evaluate the Advancing Systems Improvements to Support Targets for Healthy People 2010 (ASIST2010) Program"—OMB No. 0990-NEW—Office on Women's Health.

Abstract: The Office on Women's Health is collecting data from 13 funded grantees and clients participating in ASIST2010, a three-year, cooperative agreement program. ASIST2010 uses a public health systems approach to improve performance on two or more of seven Healthy People 2010 (HP 2010) objectives that target women and/or men in six focus areas—cancer, diabetes, heart disease and stroke, access to quality health services, educational and community-based programs, nutrition and overweight, and physical activity and fitness. The goals of the ASIST2010 program are to: (1) Provide additional support to existing public health systems/collaborative partnerships to enable them to add a gender focus to HP 2010 objectives that track the health status of women and/or men, to help improve gender outcome in the targeted population and/or geographic area; (2) improve surveillance/information systems that allow tracking of program progress on HP 2010 objectives at the grantee level; and (3) develop and implement a plan to sustain the program after OWH funding ends. The sites participating in the ASIST2010 program represent four academic medical centers, three community-based organizations, two hospitals, two state health departments, one county health department, and one foundation.

Administration on Aging

Agency Information Collection Activities; Submission for OMB Review; Comment Request; State Annual Long-Term Care Ombudsman Report and Instructions

AGENCY: Administration on Aging, HHS.
ACTION: Notice.

SUMMARY: The Administration on Aging (AoA) is announcing that the proposed collection of information listed below has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Submit written comments on the collection of information by June 4, 2009.

ADDRESSES: Submit written comments on the collection of information by fax 202-395-6974 to the OMB Desk Officer for AoA, Office of Information and Regulatory Affairs, OMB.

FOR FURTHER INFORMATION CONTACT: Sue Wheaton, telephone: (202) 357-3587; e-mail: sue.wheaton@aoa.gov.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, AoA has submitted the following proposed collection of information to OMB for review and clearance.

States provide the following data and narrative information in the report:

1. Numbers and descriptions of cases filed and complaints made on behalf of long-term care facility residents to the statewide ombudsman program;
2. Major issues identified impacting on the quality of care and life of long-term care facility residents;
3. Statewide program operations; and
4. Ombudsman activities in addition to complaint investigation.

The report form and instructions have been in continuous use, with minor modifications, since they were first approved by OMB for the FY 1995 reporting period. This request is for approval to extend use of the current form and instructions, with no modifications, for three years, covering the FY 2009-2011 reporting periods.

The data collected on complaints filed with ombudsman programs and narrative on long-term care issues provide information to Centers for Medicare and Medicaid Services and others on patterns of concerns and major long-term care issues affecting residents of long-term care facilities. Both the complaint and program data collected assist the states and local ombudsman programs in planning strategies and activities, providing training and technical assistance and developing performance measures.

A reporting form and instructions may be viewed in the ombudsman section of the AoA Web site, <http://www.aoa.gov>.

AoA estimates the burden of this collection and entering the report information as follows: Approximately 10,310 hours, with 52 State Agencies on Aging responding annually.

Dated: April 28, 2009.

Edwin L. Walker,
Acting Assistant Secretary for Aging.

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Mentoring Children of Prisoners Relationship Quality Survey.

OMB No.: 0970-0308.

Description: The Promoting Safe and Stable Families Amendments of 2001 (Pub. L. 107-133) amended Title IV-B of the Social Security Act (42 U.S.C. 629-629e) to provide funding for nonprofit agencies that recruit, screen, train, and support mentors for children with an incarcerated parent or parents. The Family and Youth Services Bureau (FYSB) of the Administration for Children and Families, United States Department of Health and Human Services, administers the Monitoring Children of Prisoners (MCP) program. The MCP program creates lasting, high-quality one-to-one mentoring relationships that provide young people with caring adult role models. The quality of these relationships is an important indicator of success in mentoring programs. Previous research has shown an association between high-quality mentoring relationships and positive changes in youth behavior associated with positive youth benefits, such as improved school attendance,
