B. Environmental Impact

The agency has determined under 21 CFR 25.31(h) that this action is of a type that does not individually or cumulatively have a significant adverse effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

C. Federalism

FDA has analyzed this proposed rule in accordance with the principles set forth in Executive Order 13132. FDA has determined that the proposed rule does not contain policies that have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the agency has concluded that the proposed rule does not contain policies that have federalism implications as defined in the Executive order and, consequently, a federalism summary impact statement is not required.

VI. Paperwork Reduction Act of 1995

This proposed rule contains no collections of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520) is not required.

VII. Request for Comments

Interested persons may submit to the Division of Dockets Management (see ADDRESSES) written or electronic comments regarding this document. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Approval and Promulgation of Air Quality Implementation Plans; Indiana; Extended Permit Terms for Renewal of Federally Enforceable State Operating Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve Indiana's rule revision to extend permit terms for the renewal of Federally **Enforceable State Operating Permits** (FESOPs) from five years to ten years. Indiana submitted this rule revision for approval on December 19, 2007. FESOPs apply to non-major sources that obtain enforceable limits to avoid being subject to certain Clean Air Act (Act) requirements, including the Title V operating permit program. Neither the Act nor its implementing regulations specify a permit-term requirement for FESOPs. This rule revision will provide relief to Indiana's resource burden of processing permit renewals. It will also allow the Indiana Department of Environmental Management to devote more resources to major source Title V permitting actions and permit modifications for both Title V and FESOP sources.

DATES: Comments must be received on or before June 4, 2009.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R05–OAR–2008–0031, by one of the following methods:

- 1. http://www.regulations.gov: Follow the on-line instructions for submitting comments.
 - 2. E-mail: blakley.pamela@epa.gov.
 - 3. Fax: (312) 692-2450.

SUPPLEMENTARY INFORMATION: In the Final Rules section of this Federal **Register**, EPA is approving Indiana's state implementation plan submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this Federal Register.

Federal Acquisition Regulation; FAR Case 2008–015, Payments Under Fixed-Price Architecture and Engineering Contracts

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Proposed rule with request for comments.

SUMMARY: The Civilian Agency Acquisition Council (CAAC) and the Defense Acquisition Regulations Council (DARC) propose to amend the Federal Acquisition Regulation (FAR) to revise the withholding-of-payment requirements under FAR clause 52.232— 10, Payments Under Fixed-Price Architect-Engineer Contracts.

DATES: Interested parties should submit written comments to the Regulatory Secretariat on or before July 6, 2009 to be considered in the formulation of a final rule.

SUPPLEMENTARY INFORMATION:

A. Background

The Federal Acquisition Regulation (FAR) 52.232-10, Payments under Fixed-Price Architecture-Engineer Contracts, currently requires the contracting officer to withhold 10% of the amounts due on each voucher; however, payment may be made in full during any month in which the contracting officer determines the performance to be satisfactory. The Government retains the withhold amount until the contracting officer determines that the work has been satisfactorily completed. The contracting officer may release excess withhold amounts to the contractor when it is determined that work is substantially complete and when the contracting officer determines that the amount retained is in excess of the amount adequate for the protection of the Governments interests.

This rule proposes to revise FAR 52.232–10 to permit contracting officers to use their judgment regarding the amount of payment withhold to apply under fixed-price architecture-engineer contracts (based on an assessment of the contractor's performance under the contract) so that the withhold amount will be applied at the level necessary to protect the Government's interests. This is in contrast to the current requirement that contracting officers withhold 10 percent on all payments. Thus, the rule proposes to revise paragraphs (b) and (c) of the contract clause at FAR 52.232-10 to state that the contracting officer may (rather than shall) withhold up to 10 percent of the payment amount due and that the amount of withhold shall be determined based upon the contractor's performance record. The rule also makes several related editorial changes including one that clarifies that the contractor will be paid any unpaid balance due to include withhold

amounts at the successful completion of the design work.

This case originated from a recommendation in the Small Business Administration's Regulatory Review and Reform (r3) initiative. The current withholding provisions negatively impact the cash flow of architectengineer contractors and may, in some instances, result in the withholding of amounts that exceed reasonable amounts to protect the Government's interests.

This is not a significant regulatory action and, therefore, is not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1933. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Councils do not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, at 5 U.S.C. 601, et seq., because the rule does not impose any additional requirements on small businesses. There are approximately 230,000 architectengineer firms, many of which are small businesses. This rule actually eases the impact on such firms. Therefore, an Initial Regulatory Flexibility Analysis has not been performed. We invite comments from small businesses and other interested parties. The Councils will consider comments from small entities concerning the affected FAR Part 52 in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, et seq. (FAR Case 2008-015) in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the proposed changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
