FEDERAL COMMUNICATIONS COMMISSION

[WC Docket No. 04-36, CG Docket No. 03-123, WT Docket No. 96-198 and CC Docket No. 92-105; DA 09-749]

IP-Enabled Services; Implementation of Sections 255 and 251(a)(2) of the Communications Act of 1934, as Enacted by the Telecommunications Act of 1996: Access to Telecommunications Service, Telecommunications Equipment and Customer Premises Equipment by Persons With Disabilities; Telecommunications Relay Services and Speech-to-Speech Services for Individuals With Hearing and Speech Disabilities

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Commission, via the Consumer and Governmental Affairs Bureau, seeks comment on the petition for extension of waiver filed with the Commission by AT&T Inc. (AT&T) and Sprint Nextel Corporation (Sprint) (*Petition*). The *Petition* requested a one-year extension of the current waiver of the Commission's rules to the extent that provision requires traditional telecommunications relay service (TRS) providers (those providing relay service via the public switched telephone network and a text telephone (TTY)) to automatically and immediately call an appropriate Public Safety Answering Point (PSAP) when receiving an emergency 711-dialed call placed by an

interconnected voice over Internet Protocol (VoIP) user. The Commission seeks comment on the remaining technical, operational, or other issues that currently prevent traditional TRS providers from being able to reliably identify the appropriate PSAP to call when receiving an emergency call via 711 and an interconnected VoIP service. The Commission also seeks comment regarding the usage of traditional TRS to place calls through interconnected VoIP service, particularly the incidence of such calls for purposes of obtaining emergency assistance.

This is a synopsis of the Commission's document DA 09-749, released April 1, 2009. This document also contains a separate order granting in part the petition for extension of waiver filed by AT&T and Sprint and extending for 90 days (until June 29, 2009) the limited waiver granted to traditional TRS providers in the *2008 TRS 711 Waiver Order*. Pursuant to § 1.1206 of the Commission's rules, 47 CFR 1.1206, this proceeding will be conducted as a permit-but-disclose proceeding in which ex parte communications are subject to disclosure.

On June 15, 2007, the Commission released the Report and Order (*VoIP TRS Order*), published at 72 FR 43546, August 6, 2007, WC Docket No. 04-36, CG Docket No. 03-123, WT Docket No. 96-198 and CC Docket No. 92-105, FCC 07-110. In the *VoIP TRS Order*, effective October 5, 2007, the Commission extended its pre-existing TRS rules to interconnected VoIP providers, including the duty to offer 711 abbreviated dialing access to TRS. The *VoIP TRS Order* required interconnected VoIP providers to offer 711 abbreviated dialing "to ensure that TRS calls can be made from any telephone, anywhere in the United States, and that such calls will be properly routed to the appropriate relay center." In the Order and Public Notice Seeking Comment (*October 2007 Order and Notice*), released on October 9, 2007, published at 72 FR 61813, November 1, 2007, and 72 FR 61882, November 1, 2007, WC Docket No. 04-36, CG Docket No. 03-123, WT Docket No. 96-198 and CC Docket No. 92-105, DA 07-4178, the Commission clarified the 711 abbreviated dialing requirement adopted in the *VoIP TRS Order* and granted interconnected VoIP providers a six-month waiver of the requirement to route the inbound leg of a 711-dialed

call to an "appropriate TRS provider," as defined by the Commission. The Commission also determined that the geographic location identification challenges associated with interconnected VoIP-originated 711 calls rendered traditional TRS providers unable to consistently identify the "appropriate" PSAP to which to route such calls. On this basis, the Commission found good cause to grant traditional TRS providers a six-month waiver of the obligation set forth in § 64.604(a)(4) of its rules to automatically and immediately route the outbound leg of an interconnected VoIP-originated emergency 711 call to an "appropriate" PSAP.

In the Order (*2008 TRS 711 Waiver Order*), released on April 4, 2008, published at 73 FR 28057, May 15, 2008, WC Docket No. 04-36, CG Docket No. 03-123, WT Docket No. 96-198 and CC Docket No. 92-105, DA 07-4178, the Commission granted interconnected VoIP providers an extension of time, until March 31, 2009, to route 711-dialed calls to an appropriate relay center, in the context of 711-dialed calls in which the calling party is using a non-geographically relevant telephone number or a nomadic interconnected VoIP service. The Commission also granted traditional TRS providers an extension of time, until March 31, 2009, to fulfill their obligation to implement a system to automatically and immediately call an appropriate PSAP when receiving an emergency 711-dialed call via an interconnected VoIP service.

On March 20, 2009, AT&T and Sprint filed a petition seeking a one-year extension of the waiver of § 64.604(a)(4) of the Commission's rules to the extent that provision requires traditional TRS providers to automatically and immediately route to an appropriate PSAP emergency 711-dialed calls placed by interconnected VoIP users.

Synopsis

In this document, the Commission seeks comment on the remaining technical, operational, or other issues that currently prevent traditional TRS providers from being able to reliably identify the appropriate PSAP to call when receiving an emergency call via 711 and an interconnected VoIP service. In particular, comment is sought on the specific steps that remain to be taken in order for traditional TRS providers to be able to consistently route interconnected VoIP-originated 711 emergency calls in the manner prescribed by § 64.604(a)(4) of the Commission's rules. The Commission also asks providers for an estimate of the costs and the timeframe associated with each of these steps. Further, the Commission seeks comment from interconnected VoIP providers and TRS providers regarding the total number of interconnected VoIP-originated 711 TRS calls that are processed annually by each provider (estimates, if actual figures are unavailable) and the proportion of those calls that are of an emergency nature.

The Commission also seeks comment from interconnected VoIP providers and TRS providers, as well as from consumers and disability rights advocates, concerning the continuing use of TTYs by individuals with hearing or speech disabilities and, in particular, the use of TTYs with an interconnected VoIP service. The Commission seeks comment on the overall effectiveness of providers' outreach efforts in educating consumers about the importance of dialing 911 directly in an emergency, rather than dialing 711 to place an emergency call via TRS.

Further, commenters are encouraged to comment on any impediments consumers have encountered in attempting to dial 911 directly in an emergency situation (when using a TTY and an interconnected VoIP service). Finally, the Commission seeks comment on the continuing need, from the consumer's perspective, of dialing 711 via TRS in an emergency, rather than dialing 911 directly.

FEDERAL MEDIATION AND CONCILIATION SERVICE

Proposed Agency Informational Collection Activities

AGENCY: Federal Mediation and Conciliation Service.

ACTION: Final 30-day Notice of Information Collection for Forms SF-424, SF-270 (LM-6), LM-8, SF-269a, LM-7, LM-9 and LM-3 that was sent to Office of Management and Budget for approval.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS) published a 30-day notice in the **Federal Register** [on March 23, 2009, (Volume 74, Number 54) Pages 12131-12132] for public comment on seven information collection requests contained among the (FMCS) Labor Management Cooperation Program which was up for renewal of currently approved collection by Office of Management and Budget (OMB). FMCS submitted to the Office of Management Budget a request for review of these seven forms: Application for Federal Assistance (SF-424), Request for Advance or Reimbursement SF-270 (LM-6), Project Performance (LM-8), Financial Status Report SF-269a (LM-7), Grants Program Grantee Evaluation Questionnaire (agency form LM-9), and Accounting System and Financial Capability Questionnaire (LM-3). The request seeks OMB approval for an emergency extension with an expiration date of March 12, 2012, for forms SF-424, SF-270 (LM-6), (LM-8), SF-269a, (LM-7), (LM-9) and (LM-3).

DATES: FMCS received no comments regarding information collection. The forms are currently pending OMB approval.

ADDRESSES: Michael Bartlett, Federal Register Liaison at mbartlett@fmcs.gov.

FOR FURTHER INFORMATION CONTACT:

Linda Stubbs, Grants Management Specialist, FMCS, 2100 K Street, NW., Washington, DC 20427. Telephone number (202) 606-8181, e-mail at lstubbs@fmcs.gov or fax at (202) 606-3434.

SUPPLEMENTARY INFORMATION: Copies of the complete agency forms are available from the Office of Labor Management Grants Program by calling, faxing, or writing Linda Stubbs at the address above. Please ask for forms by agency number.

I. Information Collection Requests

FMCS was seeking comments on the following information collection requests contained in FMCS agency forms.

Agency: Federal Mediation and Conciliation Service.

Form Number: OMB No. 3076-0006.

Expiration date: December 12, 2006.

Type of Request: Extension of a previously approved collection without change in the substance or method of collection.

Affected Entities: Potential applicants and/or grantees who received our grant application kit. Also applicants who have received a grant from FMCS.

Frequency:

a. Three of the forms, the SF-424, LM-6, and LM-9 are submitted at the applicant/grantee's discretion.

b. To conduct the quarterly submissions, LM-7 and LM-8 forms are used. Less than quarterly reports would deprive FMCS of the opportunity to provide prompt technical assistance to deal with those problems identified in the report.

c. Once per application. The LM-3 is the only form to which a "similar information" requirement could apply. That form takes the requirement into consideration by accepting recent audit reports in lieu of applicant completion of items C2 through 9 and items D1 through 3.

Abstract: Except for the FMCS Forms LM-3 and LM-9, the forms under consideration herein are either required or recommended in OMB Circulars. The two exceptions are non-recurring forms, the former a questionnaire sent only to non-public sector potential grantees and the latter a questionnaire sent only to former grantees for voluntary completion and submission. The collected information is used by FMCS to determine annual applicant suitability, to monitor quarterly grant project status, and for on-going program evaluation. If the information were not collected, there could be no accounting for the activities of the program. Actual use has been the same as intended use.

Burden: Application for Federal Assistance (SF-424) is an OMB form which we do not include in the burden. We have not added to it; however we have deleted the requirements for completion of sections C, D, and E. We received approximately 113 responses. Request for Advance or Reimbursement SF-270 (LM-6) is an OMB form with no agency additions. The number of respondents is approximately 37 and estimated time per response is 30 minutes. Project Performance (LM-8) had approximately 37 respondents and the estimated time per response is 30 minutes. Financial Status Report (SF-269a) (LM-7) is an OMB form with no agency additions. The estimated time per response is 30 minutes and there are approximately 37 respondents. FMCS Grants Program Evaluation Questionnaire (LM-9) form number of respondents is approximately 12 and the estimated time per response is 60 minutes. The Accounting System and Financial Capability Questionnaire (LM-3) has approximately 28 respondents and the estimated time per response is 60 minutes.

II. Request for Comments

The FMCS was particularly interested in comments which:
