

fee is imposed on members and participant organizations for individuals who are employed by such member or participant organizations and who work on the Exchange's trading floor, such as clerks, interns, stock execution clerks and other associated persons, but who are not registered as members or participants. The Exchange proposes to increase this fee to offset the rising occupancy costs associated with operating a trading floor facility.

The Exchange also proposes to make a minor amendment to its Fee Schedule to amend the title of Section II of the Fee Schedule. Currently that section is titled Index Options Fees and the Exchange proposes to amend that section title to "Sector Index Options Fees." This title would be amended in the Table of Contents as well as in Section II of the Fee Schedule. The Exchange believes that the wording "Sector Index Options Fees" is a more appropriate title for these products.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(4) of the Act⁶ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Exchange believes that the proposed increases in fees to the associated Trading/Administrative Booths and Market Maker Trading Space, Floor Facility and Trading Floor Personnel fees are reasonable and the revenue will assist the Exchange in defraying the occupancy costs of maintaining the floor facility for its members. The Specialist Post fee should not result in a fee increase for specialists. The Exchange believes that because specialists pay significantly more total transaction fees on a monthly basis than similar fees assessed on Register Options Traders and floor brokers, the proposed fees are reasonable. Finally, the Exchange believes that the amendment to the title of Section II is a proper title to identify fees in the Fee Schedule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and paragraph (f)(2) of Rule 19b-4⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SUPPLEMENTARY INFORMATION:

Description of the SBDC Program

A partnership exists between SBA and an SBDC. SBDCs offer training, counseling and other business development assistance to small businesses. Each SBDC provides services under a negotiated Cooperative Agreement with SBA, the general management and oversight of SBA, and a state plan initially approved by the Governor. Non-Federal funds must match Federal funds. An SBDC must operate according to law, the Cooperative Agreement, SBA's regulations, the annual Program Announcement, and program guidance.

Program Objectives

The SBDC program uses Federal funds to leverage the resources of states, academic institutions and the private sector to:

- Strengthen the small business community;
- increase economic growth;
- assist more small businesses; and
- broaden the delivery system to more small businesses.

SBDC Program Organization

The lead SBDC operates a statewide or regional network of SBDC service centers. An SBDC must have a full-time Director. SBDCs must use at least 80 percent of the Federal funds to provide services to small businesses. SBDCs use

volunteers and other low cost resources as much as possible.

SBDC Services

An SBDC must have a full range of business development and technical assistance services in its area of operations, depending upon local needs, SBA priorities and SBDC program objectives. Services include training and counseling to existing and prospective small business owners in management, marketing, finance, operations, planning, taxes, and any other general or technical area of assistance that supports small business growth.

The SBA district office and the SBDC must agree upon the specific mix of services. They should give particular attention to SBA's priority and special emphasis groups, including veterans, women, exporters, the disabled, and minorities.

SBDC Program Requirements

An SBDC must meet programmatic and financial requirements imposed by statute, regulations or its Cooperative Agreement. The SBDC must:

- Locate service centers so that they are as accessible as possible to small businesses;
- Open all service centers at least 40 hours per week, or during the normal business hours of its state or academic Host Organization, throughout the year;
- Develop working relationships with financial institutions, the investment community, professional associations, private consultants and small business groups; and
- Maintain lists of private consultants at each service center.

Dated: April 14, 2009.

Antonio Doss,

Associate Administrator for Small Business Development Centers.
