

the agreement's "essential cost or market characteristics." *Id.* at 6.

Lastly, the Postal Service notes that the agreement contains provisions that provide certain automatic price changes triggered by objective, external factors. It argues that "[t]he formulaic, pre-established nature of such changes essentially removes them from the area of Postal Service discretion." *Id.* at 5, n.8. Consequently, the Postal Service asserts that such changes do not represent price changes under 39 CFR 3015.5. Thus, in lieu of filing under rule 3015.5, it "proposes to file such changes with the Commission on a notice-type basis, without the expectation that the filings should lead to further proceedings or review." *Id.*

II. Notice of Filing

The Commission establishes Docket No. CP2009-29 for consideration of matters related to the agreement identified in the Postal Service's Notice.

Interested persons may submit comments on whether the Postal Service's agreement is consistent with the policies of 39 U.S.C. 3632, 3633, or 3642. Comments are due no later than May 13, 2009. The public portions of these filings can be accessed via the Commission's Web site (<http://www.prc.gov>).

The Commission appoints Michael J. Ravnitzky to serve as Public Representative in the captioned filings.

It Is Ordered:

1. The Commission establishes Docket No. CP2009-29 for consideration of the matters raised in this docket.

2. Pursuant to 39 U.S.C. 505, Michael J. Ravnitzky is appointed to serve as officer of the Commission (Public Representative) to represent the interests of the general public in these proceedings.

3. Comments by interested persons in these proceedings are due no later than May 13, 2009.

4. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.

Steven W. Williams,

Secretary.

BILLING CODE 7710-FW-P

POSTAL SERVICE

Privacy Act of 1974, System of Records

AGENCY: Postal Service™.

ACTION: Notice of modification to existing systems of records.

SUMMARY: The United States Postal Service® is proposing to modify three of its Privacy Act Systems of Records: USPS 810.200, <http://www.usps.gov> Ordering, Payment, and Fulfillment; USPS 880.000, Post Office and Retail Services; and USPS 900.000, International Services. The proposed modifications reflect changes regarding how Customs declaration forms are collected, analyzed, and reported to appropriate Federal authorities. The proposed modifications to USPS 880.000, Post Office and Retail Services, reflect administrative updates as well as the sharing of certain claims data with foreign posts as a result of changes to title 39 of the United States Code.

DATES: Any interested party may submit written comments on the proposed modifications. The proposed modifications will become effective without further notice on June 22, 2009 unless comments received on or before that date result in a contrary determination.

ADDRESSES: Written comments on this proposal should be mailed or delivered to the Records Office, U.S. Postal Service, 475 L'Enfant Plaza SW., Room 5801, Washington, DC 20260. Copies of all written comments will be available for public inspection and photocopying at the above address between 8 a.m. and 4 p.m. Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Jane Eyre at 202-268-2608.

SUPPLEMENTARY INFORMATION: In this notice, USPS® is modifying three existing systems of records pursuant to the Privacy Act of 1974, 5 U.S.C. 552a: USPS 810.200, <http://www.usps.com> Ordering, Payment, and Fulfillment; USPS 880.000, Post Office and Retail Services; and USPS 900.000, International Services. These changes add a routine use to allow disclosure of certain Customs declaration information to the Office of Foreign Assets Control (OFAC) and other entities charged with enforcing foreign asset control policies, and to the U.S. Census Bureau (Census) for trade reporting purposes. The changes also add a routine use to permit disclosure of claims payment information to foreign posts. These changes are proposed for the reasons discussed below.

I. Background

Currently, USPS® provides Customs declaration information to U.S. Customs and Border Protection (Customs) pursuant to Federal law. The OFAC and the Census have advised the Postal Service™ of requirements to provide certain information collected on the Customs declaration forms and other

records to their agencies. Consequently, we have revised the notices for Systems of Records that relate to Customs declarations. We have added 39 U.S.C. 407 as an additional authority for collection of this information. Changes to USPS 880.000 include revisions to retention periods for records and reflect changes within the organization.

II. Rationale for Changes to USPS Privacy Act Systems of Records

The OFAC is a regulatory office within the Department of the Treasury responsible for, among other things, promulgating, developing, and administering economic and trade sanctions against certain foreign countries. Some OFAC regulations apply to the Postal Service's handling of mail destined to these foreign countries.

The International Emergency Economic Powers Act (IEEPA), 50 U.S.C. 1701-1706, authorizes the President to identify and respond to unusual or extraordinary threats originating outside the United States. Under this authority, President William Clinton issued Executive Orders 12957, 12959, and 13059, each of which prohibits specific transactions (including shipments of certain goods) with respect to the designated countries. In response to these orders, OFAC issued comprehensive regulations governing such shipments and transactions (31 CFR Chapter V). The Postal Service™ is subject to these regulations and must implement procedures to ensure compliance. Procedures include the capture of Customs information for certain mailpieces, the transmission of information to the OFAC (31 CFR 501.602), and the retention of related records for at least 5 years (31 CFR 501.601).

A prior **Federal Register** notice, dated May 6, 2005 (70 FR 24128-24129), established that Customs information may be disclosed to appropriate U.S. Customs officials under Privacy Act System of Records USPS 900.000, International Services, and, to the extent necessary, USPS 810.200, <http://www.usps.com> Ordering, Payment, and Fulfillment. These systems of records have been modified to add a routine use allowing disclosure to the OFAC.

Pursuant to 13 U.S.C. 301-309, the Census is responsible for collecting statistical data on foreign trade. While the mail has historically been exempt from this program, the Foreign Relations Authorization Act of 2002 (Pub. L. 107-228) amended 13 U.S.C. 303 to end the exemption. As a result, the Postal Service™ and its customers are now subject to the filing requirements in

Census's Foreign Trade Regulations (15 CFR Part 30). These regulations on outbound international shipments require Customs declarations forms and other accompanying documentation to include the following:

- (i) A proof of filing citation showing that electronic export information has been filed via the Census's Automated Export System (AES);
- (ii) An AES Downtime Citation indicating that an unsuccessful attempt was made to file electronic export information; or
- (iii) An Exemption or Exclusion Legend showing that the goods are exempt from the filing requirements.

The Foreign Trade Regulations require this information to be forwarded to both Customs and the Census's Bureau of Industry and Security upon collection (15 CFR 30.8(a)). Changes to USPS 900.000 and 810.200 are required to add new routine uses allowing disclosure of this information to the Census.

USPS 880.000 is being updated to reflect changes enacted in the Postal Accountability and Enhancement Act of 2006 (Pub. L. 109-435), organizational changes, and updates to record retention schedules.

III. Description of Changes to Systems of Records

The Postal Service™ is modifying three systems of records: USPS 810.200, <http://www.usps.com> Ordering, Payment, and Fulfillment; USPS 880.000, Post Office and Retail Services; and USPS 900.000, International Services. Pursuant to 5 USC 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed modification has been sent to Congress and to the Office of Management and Budget for their evaluation. The Postal Service does not expect this amended notice to have any adverse effect on individual privacy rights. The Postal Service proposes amending the systems as shown below:

USPS 810.200

SYSTEM NAME:

<http://www.usps.com> Ordering, Payment, and Fulfillment.

USPS 880.000
