General Description of Collection: The collection involves the submission of information on various forms by contractors who wish to do business, have done business, or are currently under contract with the FDIC. The information is used to: ensure compliance with established contractor ethics regulations (12 CFR Part 366); obtain information on a contractor's past performance for proposal evaluation purposes; review a potential lessor's fitness and integrity prior to entering into a lease transaction; and perform background investigations on contractors and contractor personnel.

Current Action: The FDIC is proposing to modify three of the forms in the Acquisition Services Information Requirements collection: Contractor Representations and Certifications, Form 3700/4A; Integrity and Fitness Representations, Form 3700/12; and Leasing Representations and Certifications, Form 3700/44. Specifically, in Form 3700/4A, Contractor Representations and Certifications, the FDIC is proposing elimination of the "Duplication of Cost" representation as unnecessary; removal of the "Clean Air and Water Certification" based on its removal from the Federal Acquisition Regulation (FAR) in response to a recommendation by the Environmental Protection Agency; modification of the "Small Disadvantaged Business (SDB) Concern Certification" to reflect the Small Business Administration's recent announcement that it will discontinue SDB certifications; modification of the "Equal Opportunity Certification" and the "Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions" to mirror related FAR provisions; and substitution of an offeror's Data Universal Numbering System (DUNS) number for the previously requested Tax Identification Number (TIN) in the "Signature" section of the form. In Form 3700/12, Integrity and Fitness Representations, the FDIC proposes to insert a sentence in the preamble

referencing FDIC regulations on *Minimum Standards of Integrity and Fitness For an FDIC Contractor* at 12 CFR Part 366; add a "Retention of Information" paragraph in Section III, instructing contractors on the retention period for records; and substitute a contractor's DUNS number for the previously requested TIN in the "Signature" section of the form. Finally, in Form 3700/44, Leasing Representations and Certifications, the FDIC proposes to clarify and highlight the various certifications currently covered under the general heading "Environmental Condition" by reclassifying them as certifications related to "Asbestos-Containing Materials," "Water Quality," "Indoor Air Quality," and "Hazardous Substances."

Request for Comment

Comments are invited on: (a) Whether these collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimate of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
