**Background**

On March 13, 2007, the Department of the Interior (Interior) published a notice of establishment of the Committee and call for nominations in the **Federal Register** (72 FR 11373). The Committee's purpose is to provide advice and recommendations to the Secretary of the Interior (Secretary) on developing effective measures to avoid or minimize impacts to wildlife and their habitats related to land-based wind energy facilities. The Committee's Charter is subject to biennial renewal. The Committee meets approximately four times per year, and all Committee members serve without compensation.

In accordance with the Federal Advisory Committee Act (5 U.S.C. App.), a copy of the Committee's charter has been filed with the Committee Management Secretariat, General Services Administration; Committee on Environment and Public Works, U.S.

Senate; Committee on Natural Resources, U.S. House of Representatives; and the Library of Congress. The Secretary appointed 22 individuals to the Committee on October 24, 2007, representing the varied interests associated with wind energy development and its potential impacts to wildlife species and their habitats. We held five Committee meetings in 2008, and held four meetings in January and March of 2009. All Committee meetings are open to the public. The public has an opportunity to comment at all Committee meetings.

#### SUPPLEMENTARY INFORMATION:

**Background.**—On May 4, 2009, the Commission issued a **Federal Register** notice instituting the referenced remand proceedings and specifying certain written submissions that may be filed in the proceedings. 74 FR 21821 (May 11, 2009). Specifically, the Commission set a deadline of May 14, 2009 for submission of certain types of additional information regarding the operations of ArcelorMittal, its affiliates including Mittal USA, and its predecessor companies including Ispat and Ispat Inland. The Commission additionally established a deadline for May 29, 2009, for submission of written comments.

On May 11, 2009, counsel for Mittal USA filed a request for an extension of time to submit additional information regarding the operations of ArcelorMittal. The Commission has found good cause to extend this deadline from May 14, 2009 to May 18, 2009. Because the Commission has extended the deadline for submission of new information into the record, the Commission is also extending the deadline for submission of written comments from May 29, 2009 to June 1, 2009. Except for the due dates, all restrictions concerning these submissions specified in the May 4, 2009 notice remain applicable.

Parties are also advised to consult with the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission.
