

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

Adequacy Status of the Cleveland/Akron, Ohio and the Columbus, Ohio Submitted 8-Hour Ozone Redesignation and Maintenance Plans for Transportation Conformity Purposes

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of adequacy.

SUMMARY: In this notice, EPA is notifying the public that we have found that the motor vehicle emissions budgets (MVEBs) for volatile organic compounds (VOC) and oxides of nitrogen (NO_x) in the Cleveland/Akron, Ohio area and the Columbus, Ohio area are adequate for use in transportation conformity determinations. Ohio submitted the Cleveland/Akron area budgets with an 8-hour ozone redesignation and maintenance plan on

March 17, 2009. Ohio submitted the Columbus area budgets with an 8-hour ozone redesignation and maintenance plan on March 17, 2009. As a result of our finding, the Cleveland/Akron, Ohio area and the Columbus, Ohio area must use the MVEBs from the submitted 8-hour ozone maintenance plan for future transportation conformity determinations.

DATES: This finding is effective June 4, 2009.

FOR FURTHER INFORMATION CONTACT: Anthony Maietta, Life Scientist, Criteria Pollutant Section (AR-18J), Air Programs Branch, Air and Radiation Division, United States Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-8777, Maietta.anthony@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, whenever "we," "us" or "our" is used, we mean EPA.

Background

Today's notice is simply an announcement of a finding that we have already made. On March 30, 2009, EPA Region 5 sent a letter to the Ohio Environmental Protection Agency stating that the 2010 and 2020 MVEBs for the Cleveland/Akron area, and also for the Columbus area, which were submitted with the state's 8-hour ozone redesignation and maintenance plan, are adequate. Receipt of these MVEBs was announced on EPA's transportation conformity website, and no comments were submitted. The finding is available at EPA's conformity Web site: <http://www.epa.gov/otaq/stateresources/transconf/adequacy.htm>.

The adequate 2010 and 2020 MVEBs, in tons per day (tpd), for VOC and NO_x for the Cleveland/Akron area are as follows:

	2012 MVEB (tpd)	2020 MVEB (tpd)
VOC	46.64	31.48
NO _x	95.89	42.75

The adequate 2010 and 2020 MVEBs, in tons per day (tpd), for VOC and NO_x for the Columbus area are as follows:

	2012 MVEB (tpd)	2020 MVEB (tpd)
VOC	54.86	36.60
NO _x	91.64	46.61

Please note that the March 30, 2009, letter to the state had the budgets in the wrong columns and this has been corrected in this notice.

Transportation conformity is required by section 176(c) of the Clean Air Act. EPA's conformity rule requires that transportation plans, programs, and projects conform to state air quality implementation plans and establishes the criteria and procedures for determining whether or not they do conform. Conformity to a State Implementation Plan (SIP) means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria by which we determine whether a SIP's motor vehicle emission budgets are adequate for transportation conformity purposes are outlined in 40 CFR 93.118(e)(4). We have described our process for determining the adequacy of submitted SIP budgets in our July 1, 2004, preamble starting at 69 FR 40038, and we used the information in these resources while making our adequacy determination. Please note that an adequacy review is separate from EPA's completeness review, and it also should not be used to prejudge EPA's ultimate approval of the SIP. Even if we find a budget adequate, the SIP could later be disapproved.

The finding and the response to comments are available at EPA's transportation conformity web site: <http://www.epa.gov/otaq/stateresources/transconf/adequacy.htm>.

Authority: 42 U.S.C. 7401-7671q.

Dated: May 7, 2009.

Walter W. Kovalick Jr.,
Acting Regional Administrator, Region 5.

Amendments to Terminate Certain Pesticide Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the amendments to terminate certain uses, voluntarily requested by the registrants and accepted by the Agency, of certain pesticide products, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows an October 8, 2008, **Federal Register** Notice of Receipt of Requests from registrants to voluntarily amend their registrations of
