SUPPLEMENTARY INFORMATION:

I. Background

The continuation coverage provisions of section 601 through 608 of ERISA (and parallel provisions of the Internal Revenue Code (Code)) generally require group health plans to offer qualified beneficiaries the opportunity to elect continuation coverage following certain events that would otherwise result in the loss of coverage. Continuation coverage is a temporary extension of the qualified beneficiary's previous group health coverage. The right to elect continuation coverage allows individuals to maintain group health coverage under adverse circumstances and to bridge gaps in health coverage that otherwise could limit their access to health care.

COBRA provides the Secretary of Labor (the Secretary) with authority under section 608 of ERISA to carry out the continuation coverage provisions. The Conference Report that accompanied COBRA divided interpretive authority over the COBRA provisions between the Secretary and the Secretary of the Treasury (the Treasury) by providing that the

Secretary has the authority to issue regulations implementing the notice and disclosure requirements of COBRA, while the Treasury is authorized to issue regulations defining the required continuation coverage.

On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act (ARRA) of 2009 (Pub. L. 111-5). ARRA includes a requirement that the Secretary of Labor (the Secretary), in consultation with the Secretaries of the Treasury and Health and Human Services, develop model notices for use by group health plans and other entities that, pursuant to ARRA, must provide notices of the availability of premium reductions and additional election periods for health care continuation coverage.

On March 17, 2009, the Office of Management and Budget (OMB) approved the model notices as a revision to OMB Control Number 1210-0123 under the emergency procedures for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35) and 5 CFR 1320.13. On March 20, 2009, the Department published a **Federal Register** notice announcing the availability of the notices on its Web site (74 FR11971) at <http://www.dol.gov/ebbsa/COBRA.html>. OMB's approval of the revision currently is scheduled to expire on September 30, 2009.

II. Current Actions

This notice requests public comment pertaining to the Department's request for extension of OMB's approval of its revision to OMB Control Number 1210-0123 relating to the ARRA model notices. After considering comments received in response to this notice, the Department intends to submit an ICR to OMB for continuing approval. No change to the existing ICR is proposed or made at this time. The Department notes that an agency may not conduct or sponsor, and a person is not required to respond to, an information collection unless it displays a valid OMB control number. A summary of the ICR and the current burden estimates follows:

SUPPLEMENTARY INFORMATION:

I. Background

Title XII Section 1201 of the SSA provides for advances to States from the Federal Unemployment Account. The law further sets out specific requirements to be met by a State requesting an advance:

- The Governor must apply for the advance;
- The application must cover a three month period and the Secretary of Labor must be furnished with estimates of the

amounts needed in each month of the three month period;

- The application must be made on such forms and shall contain such information and data (fiscal and otherwise) concerning the operation and administration of the State unemployment compensation law as the Secretary of Labor deems necessary or relevant to the performance of his or her duties under this title;

- The amount required by any State for the payment of compensation in any month shall be determined with due allowance for contingencies and taking into account all other amounts that will be available in the State's unemployment fund for the payment of compensation in such month;

- The term "compensation" means cash benefits payable to individuals with respect to their unemployment exclusive of expenses of administration.

Section 1202(a) of the SSA provides that the Governor of any State may at any time request that funds be transferred from the account of such State to the FUA in repayment of part or all of the balance of advances made to such State under section 1201.
