BILLING CODE 4210-67-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5300-N-06]

Notice of Availability: Notice of Funding Availability (NOFA) for Fiscal Year (FY) 2009 Lead-Based Paint Hazard Control Grant Program and Lead Hazard Reduction Demonstration Grant Program

AGENCY: Office of Healthy Homes and Lead Hazard Control, HUD.

ACTION: Notice.

SUMMARY: HUD announces the availability on its Web site of the application information, submission deadlines, funding criteria, and other requirements for the FY2009 Lead-Based Paint Hazard Control Grant Program and Lead Hazard Reduction Demonstration Grant Program NOFA. The NOFA makes approximately \$117 million available under the Department of Housing and Urban Development Appropriations Act 2009 (Pub. L. 111-8, approved March 11, 2009). Applicants for assistance under this NOFA must address applicable requirements in HUD's Fiscal Year 2009 Notice of Funding Availability (NOFA) Policy Requirements and General Section to the HUD's FY2009 NOFAs for Discretionary Programs (General Section) published on December 29, 2008 (73 FR 79548), as amended on April 16, 2009 (74 FR 17685). Applicants should take particular note that they should follow the application submission instructions contained in

this NOFA and not use those in the General Section. The notice providing information regarding the application process, funding criteria and eligibility requirements is available on the HUD Web site at <http://www.hud.gov/lead> or <http://www.hud.gov/offices/adm/grants/fundsavail.cfm>.

FOR FURTHER INFORMATION CONTACT: For information concerning the Lead-Based Paint Hazard Control Grant Program and Lead Hazard Reduction Demonstration Grant Program, contact Warren Friedman, Senior Advisor to the Director, Office of Healthy Homes and Lead Hazard Control, Department of Housing and Urban Development, 451 Seventh Street, SW., Room 8236, Washington, DC 20410-3000; telephone number 202-402-7574 (this is not a toll-free number). Persons with speech or hearing impairments may access this telephone number via TTY by calling the toll-free Federal Information Relay Service during working hours at 800-877-8339.

Dated: April 29, 2009.

Jon L. Gant,

Director, Office of Healthy Homes and Lead Hazard Control.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R6-R-2008-N0346; 60138-1265-6CCP-S3]

Final Comprehensive Conservation Plan for Pathfinder National Wildlife Refuge, Wyoming

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of Availability.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service) announce that the Final Comprehensive Conservation Plan (CCP) for the Pathfinder National Wildlife Refuge (NWR) is available. This CCP, prepared pursuant to the National Wildlife Refuge System Improvement Act of 1997 and the National Environmental Policy Act of 1969, describes how the Service intends to manage the Pathfinder NWR for the next 15 years.

ADDRESSES: A copy of the CCP or Summary may be obtained by writing to U.S. Fish and Wildlife Service, Division of Refuge Planning, 134 Union Boulevard, Suite 300, Lakewood, Colorado 80228, or downloaded from <http://mountain-prairie.fws.gov/planning>.

FOR FURTHER INFORMATION CONTACT: Toni Griffin, 303-236-4378 (phone); 303-236-4792 (fax); or toni_griffin@fws.gov (e-mail).

SUPPLEMENTARY INFORMATION: Located in central Wyoming in a high plains basin near the headwaters of the Platte-Kansas Ecosystem, Pathfinder National Wildlife Refuge (NWR) lies approximately 47 miles southwest of Casper, Wyoming. The Pathfinder NWR is managed by Service staff headquartered at the Arapaho NWR near Walden, Colorado.

Pathfinder NWR was established by Executive Order 7425, August 1, 1936, which designated the Pathfinder Wildlife Refuge, "as a refuge and breeding ground for birds and other wildlife." Pathfinder NWR was established as an overlay refuge on Bureau of Reclamation lands. The Bureau of Reclamation administers lands within the Pathfinder Project boundary for North Platte Project purposes including flood control, irrigation and hydroelectric power generation. A Memorandum of Agreement specifies the management responsibilities of the U.S. Fish and Wildlife Service while preserving the autonomy of Bureau of Reclamation to manage Pathfinder Dam and Reservoir.

This final CCP identifies goals, objectives, and strategies for the management of Pathfinder NWR that emphasize management of refuge habitats for migratory birds. The CCP places high importance on obtaining baseline data for the refuge, control of invasive plant species, and utilizing partnerships to support the purposes of the refuge. It seeks to provide habitats to contribute to conservation, enhancement, and production of migratory bird species while protecting Federally listed species.

The availability of the draft CCP and Environmental Assessment (EA) was announced in the **Federal Register** on July 28, 2008 (73 FR 43777-78), and made available for a 30-day public review and comment period. The draft CCP/EA evaluated three alternatives for managing Pathfinder NWR for the next 15 years.

The preferred alternative would modify the Memorandum of Agreement between the Bureau of Reclamation and the Service to eliminate Service interest in lands (approximately 10,800 acres) that are difficult to manage and provide minimal opportunity to improve wildlife habitat. Remaining refuge areas will be evaluated and managed for the benefit of migratory bird species. Monitoring and management of invasive species on the refuge will be increased. With additional staffing, the Service
