BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2008-0020; Internal Agency Docket No. FEMA-B-1050]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is

required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before September 1, 2009.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1050, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below,

in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the

applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location**	Elevation	
				Existing	Modified
City of Greenwood, Wisconsin					
Wisconsin	City of Greenwood	Black River	Approximately 4,460 feet downstream of County Highway G.	None	+ 1113
			Approximately 4,960 feet upstream of County Highway G.	None	+ 1126

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

ADDRESSES

City of Greenwood

[FAR Case 2008-019; Docket 2009-0018; Sequence 1]

RIN: 9000-AL11

Federal Acquisition Regulation; FAR Case 2008-019, Authentic Information Technology Products

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Advanced Notice of Proposed Rulemaking; notice of public meetings.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) are hosting six public meetings to continue a dialogue with industry and Government agencies about ways to develop greater assurances regarding the authenticity of information technology (IT) products acquired by the Government. The public meetings will include dialogues on the impact of counterfeit IT products on matters of performance and security; contractor liability and consequential damages; competitiveness issues associated with procuring IT products from the original equipment manufacturer or authorized distributor; identifying viable means of authenticating IT products; and contractor supply chain risk management requirements as an evaluation factor in the procurement of IT products.

DATES: See Supplementary Information section for public meeting dates.

ADDRESSES: See Supplementary Information section for public meeting addresses.

FOR FURTHER INFORMATION CONTACT: Mr. Ernest Woodson, Procurement Analyst,

at (202) 501-3775 for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at (202) 501-4755. Please cite FAR case 2008-019.

SUPPLEMENTARY INFORMATION:

A. Public Meeting Dates

1. June 23, 2009, 9 a.m. to 3 p.m., EST.
2. July 15, 2009, 9 a.m. to 3 p.m., EST.
3. July 22, 2009, 9 a.m. to 3 p.m., EST.
4. July 29, 2009, 9 a.m. to 3 p.m., EST.
5. August 5, 2009, 9 a.m. to 3 p.m., EST.
6. August 12, 2009, 9 a.m. to 3 p.m., EST.

B. Public Meeting Addresses

1. The meetings for June 23 and July 15 will be conducted at General Services Administration (GSA), 1800 F Street, NW, Washington, DC 20405, in the GSA Auditorium.
2. The subsequent meetings, July 22, July 29, August 5, and August 12 will be conducted at General Services Administration (GSA), 1800 F Street, NW, Washington, DC 20405, in Room 5141B.

Interested parties are encouraged to arrive at least 30 minutes early to accommodate security procedures.

If you wish to make a presentation on any of the topics, please contact and
