

amended, 42 U.S.C. 6973, related to the releases and threatened releases of hazardous substances at the Puente Valley Operable Unit of the San Gabriel Valley Area 4 Superfund Site ("Site") in Los Angeles County, California. The only differences between the Amended Consent Decree and the original are the addition of two entities related to Northrop Grumman Space & Mission Systems Corp. ("Northrop" or "Performing Settling Defendant"), and some minor clerical edits.

The Amended Consent Decree, like the Consent Decree that was lodged in February of 2009, resolves the liability of the Performing Settling Defendant and 43 cashout parties associated with 17 source properties and their related entities ("Contributing Settling Defendants") with respect to the groundwater contamination and its investigation and treatment as set forth in the Interim Record of Decision, as modified by the Explanation of Significant Differences.

The Amended Consent Decree requires the Performing Settling Defendant, on behalf of all of the Settling Defendants, to construct the intermediate zone remedy to address groundwater contamination and operate it for eight years from the operational and functional date of the groundwater treatment system for the intermediate zone at an estimated cost of \$21 million, pay \$465,420.90 to EPA for past costs, and pay \$90,000 to DTSC for past response costs. The Performing Settling Defendant represents that between 2002 and June 30, 2007, it incurred costs in excess of seven million dollars (\$7 million) to implement the intermediate zone remedial action in compliance with Unilateral Administrative Order No. 2002-06 issued on March 21, 2002, pending negotiations of the Consent Decree. Settling Defendants who currently own source properties within the PVOU are required to provide access and all of the Settling Defendants are required to retain records and provide EPA access to information. The Amended Consent Decree gives all Settling Defendants a covenant not to sue. The Amended Consent Decree reserves the United States' right to sue the Settling Defendants for the final Record of Decision and is subject to standard reopeners and reservations of rights.
