Agency Recordkeeping/Reporting Requirements Under Emergency Review by the Office of Management and Budget (OMB)

Title: Application for the Emergency Fund for TANF Programs.

OMB No.: New.

Description: On February 17, 2009, the President signed the American Recovery and Reinvestment Act of 2009 (Recovery Act), which establishes the Emergency Contingency Fund for State TANF Programs (Emergency Fund) as section 403(c) of the Social Security Act (the Act). This legislation provides up to \$5 billion to help States, Territories, and Tribes in fiscal year (FY) 2009 and FY 2010 that have an increase in assistance caseloads or in certain types of expenditures. The Recovery Act made

additional changes to TANF—extending supplemental grants through FY 2010, expanding flexibility in the use of TANF funds carried over from one fiscal year to the next, and adding a hold-harmless provision to the caseload reduction credit for States and Territories serving more TANF families.

The Emergency Fund is intended to build upon and renew the principles of work and responsibility that underlie successful welfare reform initiatives. The Emergency Fund provides resources to States, Territories, and Tribes to support work and families during this difficult economic period.

We plan to issue a Program Instruction accompanied by the Emergency Fund Request Form (OFA-100), and instructions for jurisdictions to complete the OFA-100 to apply for emergency funds.

Failure to collect this data would compromise ACF's ability to monitor caseload and expenditure data that must increase in order for jurisdictions to receive awards under the Emergency Fund.

Documentation maintenance on financial reporting for the Emergency Fund is governed by 45 CFR 92.20 and 45 CFR 92.42.

Respondents: State, Territory, and Tribal agencies administering the Temporary Assistance for Needy Families (TANF) Program that are applying for the Emergency Fund.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Emergency Fund Request Form OFA-100	93	5	24	11,160

Estimated Total Annual Burden Hours: 11,160.

There are 116 eligible jurisdictions (50 States, 3 Territories, 62 Tribes, and Washington, DC), and we anticipate that 80 percent of eligible respondents will submit applications for an average of 93 respondents per year.

Respondents only need to submit quarterly data if they are applying for new funds or revising previous submissions. We do not expect all

respondents to submit quarterly, so the number of responses per respondent is an overestimate. We anticipate that the submittal process will take eight hours per respondent request per quarter and eight hours for reconciliation. Respondents will average five responses per year for a total annual burden of 3,720 hours.

Additional Information:

ACF is requesting that OMB grant a 90-day approval for this information

collection under procedures for emergency processing by June 24, 2009. A copy of this draft information collection, with applicable supporting documentation, may be obtained by calling the Administration for Children and Families, Reports Clearance Officer, Robert Sargis at (202) 690-7275.

Comments and questions about the information collection described above should be directed to the Office of Information and Regulatory Affairs,

Attn: OMB Desk Officer for ACF, Office of Management and Budget, Paperwork Reduction Project, 725 17th Street NW., Washington, DC 20503, (202) 395-4718.

Dated: May 28, 2009.

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* Revision of the currently approved collection; *Title of Information Collection:* New Enrollee Survey; *Use:* The New Enrollee survey was developed to gather information from newly enrolled Medicare beneficiaries about their Medicare knowledge and needs. CMS is seeking understanding about what types of information new enrollees need and what they know about Medicare. Included in the survey are questions regarding how well informed new enrollees are about Medicare and what information they have received about the Medicare program. Information gathered in this survey will be used only for purposes of targeting and improving communications with newly

eligible Medicare beneficiaries. *Form Number:* CMS-10050 (OMB#: 0938-0869); *Frequency:* Reporting—Quarterly; *Affected Public:* Individuals or Households; *Number of Respondents:* 1200; *Total Annual Responses:* 1200; *Total Annual Hours:* 300. (For policy questions regarding this collection contact Renee Clark at 410-786-0006. For all other issues call 410-786-1326.)

2. *Type of Information Collection Request:* Revision of the currently approved collection; *Title of Information Collection:* Collection of Drug Event Data From Contracted Part D Providers For Payment; *Use:* In December 2003, Congress enacted the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 referred to as the Medicare Modernization Act (MMA). The Medicare Prescription Drug Benefit program (Part D) was established by section 101 of the MMA and is codified in section 1860D-1 through 1860D-41 of the Social Security Act. Effective January 1, 2006, the Part D program establishes an optional prescription drug benefit for individuals who are entitled to Medicare Part A and/or enrolled in Part B. Part D plans have flexibility in terms of benefit design. This flexibility includes, but is not limited to, authority to establish a formulary that limits coverage to specific drugs within each therapeutic class of drugs, and the ability to have a cost-sharing structure other than the statutorily defined structure (subject to certain actuarial tests). Coverage under the new prescription drug benefit is provided predominately through private at-risk prescription drug plans that offer drug-only coverage (PDPs), Medicare Advantage (MA) plans that offer integrated prescription drug and health care coverage (MA-PD plans) or Cost Plans that offer prescription drug benefits.

The transmission of the data will be in an electronic format. The information users will be Pharmacy Benefit Managers (PBM), third party administrators and pharmacies and the PDPs, MA-PDs, Fallbacks and other plans that offer coverage of outpatient prescription drugs under the Medicare Part D benefit to Medicare beneficiaries. The data is used primarily for payment, and is used for claim validation as well as for other legislated functions such as quality monitoring, program integrity and oversight. *Form Number:* CMS-10174 (OMB#: 0938-0982); *Frequency:* Reporting—Monthly; *Affected Public:* Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 747; *Total Annual Responses:* 947,881,770; *Total Annual*
