Petition Requesting Cancellation of all Tetrachlorvinphos Pet Uses and Extension of Comment Period for Petition Requesting Cancellation of Propoxur Pet Collar Uses; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: On April 24, 2009, the Agency received a petition from the Natural Resources Defense Council (NRDC) to cancel all pet uses for the pesticide tetrachlorvinphos (TCVP) and a supplement to a previous NRDC petition to cancel all pet collar uses for the pesticide propoxur. NRDC requested these cancellations based on their belief that EPA failed to adequately assess residential exposures to TCVP and propoxur pet collars. NRDC believes that EPA used incorrect exposure assumptions leading to underestimation of residential risk in the TCVP Reregistration Eligibility Decision (RED), Propoxur RED, and N-methyl Carbamate (NMC) Cumulative Risk Assessment (CRA). On April 8, 2009, the Agency opened a 60-day public comment period for the petition to cancel propoxur pet collar uses,

originally scheduled to close June 8, 2009. This notice extends the comment period on the propoxur petition to correspond with the timing of the TCVP comment period.

DATES: Comments must be received on or before August 4, 2009.

ADDRESSES: Submit your comments for TCVP, identified by docket identification (ID) number EPA-HQ-OPP-2009-0308, and for propoxur, identified by docket ID number EPA-HQ-OPP-2009-0207, by one of the following methods:

Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM

you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.
