[Public Notice 6657]

Notice of Availability of the Final Environmental Impact Statement; Enbridge Energy, Limited Partnership ("Alberta Clipper Project")**AGENCY:** Department of State.**ACTION:** Notice of Availability of the Final Environmental Impact Statement; Enbridge Energy, Limited Partnership ("Alberta Clipper Project").

SUMMARY: Enbridge Energy, Limited Partnership ("Enbridge") has applied to the Department of State for a Presidential Permit, pursuant to Executive Order 13337 of April 30, 2004, to construct, connect, operate, and maintain a 36-inch diameter crude oil and liquid hydrocarbon pipeline at the U.S.-Canadian border near Neche, Pembina County, North Dakota, for the purpose of transporting liquid hydrocarbons and other petroleum products between the United States and Canada. Enbridge seeks this authorization in connection with its Alberta Clipper Pipeline, which is designed to transport Canadian crude oil from the Western Canadian Sedimentary Basin ("WCSB") to existing refinery markets in the Midwest region of the United States. The Department of State has prepared a final Environmental Impact Statement (EIS) for the United States portion of the proposed Alberta Clipper Pipeline ("Proposed Project").

The Secretary of State is designated and empowered to receive all applications for Presidential Permits, as referred to in Executive Order 13337, as amended, for the construction, operation, and maintenance, at the borders of the United States, of facilities for the exportation or importation of petroleum, petroleum products, coal, or other fuels to or from a foreign country. Any person wishing to comment on the final EIS may do so. To ensure consideration prior to a Department of State decision on the Enbridge proposal, it is important that we receive comments no later than July 3, 2009.

SUPPLEMENTARY INFORMATION: The final EIS was prepared in conformity with the requirements of the National Environmental Policy Act (NEPA) and to evaluate the potential environmental impacts of the United States portion of the proposed pipeline. The document also evaluates alternatives to the proposal, including system alternatives and pipeline route alternatives.

The federal cooperating agencies for the development of this EIS are: U.S.
