require that telecommunications relay service (TRS) providers submitting minutes for payment from the Interstate TRS Fund must measure the conversation time of each call to the nearest second, and when the time for such calls is expressed in decimal form, the TRS provider must round the time to the nearest tenth of a minute.

Synopsis

It has come to the Commission's attention that certain telecommunications relay service (TRS) providers may be improperly ''rounding'' up conversation minutes that are submitted to the Interstate TRS Fund (Fund) each month for payment. Providers submitting minutes for payment from the Fund must measure the conversation time of each call to the nearest second, and when the time for such calls is expressed in decimal form, the relay provider must round the time to the nearest tenth of a minute, as set forth below.

Specifically, when recording the actual conversation time of each completed call, the decimal representation of the seconds should extend to the tenth of a minute; providers may round up only in those circumstances where the number in the hundredth place is 5 or greater. If the number in the hundredth place is not 5 or greater, then the number in the tenth place remains the same.

For example, if the actual conversation time is 34 minutes and 46 seconds, the decimal expression to the hundredth place is 34.76. Because the number in the hundredth place (6) is 5 or greater, the number in the tenth place (7) may be rounded up to 8. Therefore, the actual conversation time, rounded to the nearest one-tenth of a minute and used to calculate total monthly conversation minutes, is 34.8 minutes. A contrasting example, where rounding up is not appropriate, is a situation where the actual conversation time is 34 minutes and 32 seconds. For such a call, the decimal expression to the hundredth place is 34.53. Because the number in the hundredth place (3) is less than 5, the number in the tenth place (5) remains the same and the actual conversation time used to calculate total monthly conversation minutes is 34.5 minutes.

In determining total monthly conversation minutes reported to NECA, the total conversation minutes of all eligible calls (each measured to the tenth of a minute, as described above) are added together. That total is then rounded to the nearest whole number (full minute) under the same principle set forth above. For instance, if the total number of conversation minutes for all calls in a particular month is 123,456.8, that figure would be rounded up to 123,457. Similarly, if the figure was 123,456.4, the figure would be rounded down to 123,456.

For the past several years, NECA has provided TRS providers with instructions for reporting minutes. *Interstate Telecommunications Relay Service (TRS) Fund Instructions for Reporting Minutes Monthly* (August 2004) (Reporting Instructions). In the instructions, National Exchange Carrier Association (NECA), the Fund Administrator, advises that the actual conversation time of each completed call, in minutes/seconds or minutes/tenths, should be recorded during the month, and at the end of the month, the provider should total the minutes/seconds or minutes/tenths for each type of call by center and round to the nearest whole number. The *Reporting Instructions* provide examples of how these rounding principles apply in determining total monthly minutes, stating that: (1) A monthly total of 180,095 minutes and 41 seconds, or 180,095.68 minutes, would be rounded up to 180,096; and (2) a monthly total of 2,437 minutes and 15 seconds, or 2,437.25 minutes, would be rounded down to 2,437.

The examples set forth herein are consistent with these instructions and standard rounding principles.

Therefore, unless and until directed otherwise, TRS providers should follow the guidelines provided in NECA's Reporting Instructions and in this document.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Project: Projects for Assistance in Transition From Homelessness (PATH) Program Annual Report (OMB No. 0930–0205)—Revision

The Center for Mental Health Services awards grants each fiscal year to each of the States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands from allotments authorized under the PATH program established by Public Law 101–645, 42 U.S.C. 290cc–21 *et seq.,* the Stewart B. McKinney Homeless Assistance Amendments Act of 1990 (section 521 *et seq.* of the Public Health Service (PHS) Act). Section 522 of the PHS Act requires that the grantee States and Territories must expend their payments under the Act solely for making grants to political subdivisions of the State, and to non-profit private entities (including community-based veterans' organizations and other community organizations) for the purpose of providing services specified in the Act. Available funding is allotted in accordance with the formula provision of section 524 of the PHS Act.

This submission is for a revision of the current approval of the annual grantee reporting requirements. Section 528 of the PHS Act specifies that not later than January 31 of each fiscal year, a funded entity will prepare and submit a report in such form and containing such information as is determined necessary for securing a record and description of the purposes for which amounts received under section 521 were expended during the preceding fiscal year and of the recipients of such amounts and determining whether such amounts were expended in accordance with statutory provisions.

The proposed changes to the PATH Annual Report Survey are as follows:

• Reporting on all persons served with PATH Federal and matching State funds.

Additional Optional Questions:

Table C

• The number of Enrolled consumers placed into housing (Transitional, Supportive, or Permanent).

• The number of Enrolled consumers who were assisted with successfully obtaining income benefits (SSI, SSDI, VA, etc.).

• The number of Enrolled consumers who were assisted with successfully obtaining or increasing their earned income (employment).

• The number of Enrolled consumers who were assisted with successfully obtaining medical insurance or coverage plans (Medicaid, Medicare, and/or State/local plans).

• The number of Enrolled consumers who were assisted with successfully obtaining primary medical care.

The estimated annual burden for these reporting requirements is summarized in the table below.

Respondents	Number of respondents	Responses per respondent	Burden per response (hrs.)	Total burden
States	56	1	26	1,456
Local provider agencies	480	1	31	14,880
Totals	536			16,336

Written comments and recommendations concerning the proposed information collection should be sent by July 13, 2009 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service,
