

time if such action is consistent with the protection of investors and the public interest. The Exchanges have asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing.

The Commission believes waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Acceleration of the operative date will enable the Exchanges to clarify and strengthen their process to resolve uncompleted transactions or unresolved account imbalances without undue delay while still affording interested parties the opportunity to submit comments or concerns to the Commission regarding these proposals. The new processes should instill greater confidence among the Exchanges' members and investors that such situations will be handled in an orderly and expeditious manner. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
