It will set forth the training or internship program to be followed and includes the skills the trainee or intern will obtain, whether the trainee or intern will receive any remuneration for housing and living expenses (and if so, the amount), and estimates the living expenses and other costs the trainees or interns are likely to incur while in the United States. The Plan must be signed by the trainee or intern, a sponsor official, and the third party placement organization, if a third party organization is used in the conduct of the training or internship.

Methodology

The collection will be submitted to the Department by mail or fax as requested by DoS during the review of a program sponsor's file, redesignation of a sponsor organization, during the investigation of a complaint or incident, etc.
