Petition for Exemption

Docket No.: FAA-2009-0320.

Petitioner: The Boeing Company.

Sections of 14 CFR Affected:
§§ 25.301, 25.303, 25.305, 25.307, 25.601, 25.603, 25.613, 25.901(b)(2), 25.901(c), 25.1103(d), 25.1191, and 25.1301(d).

Description of Relief Sought: The petitioner requests an exemption from the requirements for the thrust reverser inner wall structure and operating temperatures, and from the requirements for addressing a pneumatic duct failure condition. The exemption would apply to certain Boeing Model 777-200 and -300 series airplanes equipped with Rolls-Royce RB211 Trent 800 series turbofan engines. The exemption, if granted,

would be time-limited to permit the incorporation of incremental design improvements to the thrust reverser and engine as they become available, in order to reduce the risk of a hazardous thrust reverser inner wall failure.

BILLING CODE 4910-13-P

TENNESSEE VALLEY AUTHORITY

Environmental Impact Statement; Integrated Resource Plan

AGENCY: Tennessee Valley Authority.

ACTION: Notice of intent.

SUMMARY: The Tennessee Valley Authority (TVA) is conducting a comprehensive study of its energy, resource and sustainability choices called TVA's Environmental and Energy Future. The purpose of this study is to evaluate TVA's portfolio of resource options for achieving a sustainable future and meeting the future electrical energy and resource stewardship needs of the Tennessee Valley. As part of the study, TVA will prepare a programmatic environmental impact statement (EIS). TVA will use the EIS process to elicit and prioritize the values and concerns of stakeholders; identify issues, trends, events, and tradeoffs affecting TVA's policies; formulate, evaluate and compare alternative portfolios of resource options; provide opportunities for public review and comment; and ensure that TVA's evaluation of future resource portfolios reflects a full range of stakeholder input. Public comment is invited concerning both the scope of the EIS and environmental issues that should be addressed as a part of this EIS.

DATES: Comments on the scope of the EIS must be received on or before August 14, 2009. Public meetings will be held to obtain comments on the scope of the EIS and to provide information about TVA's planning processes. The locations and times for these meetings will be announced later on the project Web site and in local and regional newspapers.
