## DEPARTMENT OF EDUCATION

### Office of Special Education and Rehabilitative Services; Overview Information; Rehabilitation Training—Rehabilitation Continuing Education Programs (RCEP)—Institute on Rehabilitation Issues (IRI); Notice Inviting Applications for New Awards for Fiscal Year (FY) 2009

*Catalog of Federal Domestic Assistance (CFDA) Number: 84.264C.*

#### Dates:

*Applications Available:* June 16, 2009.

*Deadline for Transmittal of Applications:* July 31, 2009.

*Deadline for Intergovernmental Review:* September 29, 2009.

#### Full Text of Announcement

##### I. Funding Opportunity Description

*Purpose of Program:* The Rehabilitation Continuing Education Programs—

(1) Train newly employed State agency staff at the administrative, supervisory, professional, paraprofessional, or clerical levels in order to develop needed skills for effective agency performance;

(2) Provide training opportunities for experienced State agency personnel at all levels of State agency practice to upgrade their skills and to develop mastery of new program developments

dealing with significant issues, priorities, and legislative thrusts of the State and Federal vocational rehabilitation (VR) program; and

(3) Develop and conduct training programs for staff of—

(a) Private rehabilitation agencies and facilities that cooperate with State VR units in providing VR and other rehabilitation services;

(b) Centers for independent living; and

(c) Client assistance programs.

*Priorities:* These priorities are from the notice of final priorities for this program, published in the **Federal Register** on October 23, 2003 (68 FR 60828).

*Absolute Priorities:* For FY 2009 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet both of these priorities.

**Note:** Previously the Rehabilitation Services Administration (RSA) has funded multiple grants per fiscal year under these priorities. For FY 2009, we will fund only one grant under these priorities. While RSA had made multiple awards to carry out IRI activities in the past, we have decided to make only one IRI award for FY 2009 to improve the efficiency of the monitoring process and the quality of the products produced under this competition. Thus, all references to projects should be interpreted as meaning one project and that project will be responsible for two Primary Study Groups and the National Forum.

These priorities are:

#### *Priority 1—Leadership of IRI Primary Study Group (PSG)*

This priority funds projects to lead a PSG on a topic selected by the IRI Planning Committee. Projects must demonstrate the ability to provide leadership to members of the PSG that results in the production of a high quality document in the assigned topic area. Projects must ensure that documents are relevant to the public rehabilitation system and to the work of VR counselors and accurately interpret and integrate the current body of knowledge of the selected topic contained in published professional research and demonstrations.

Specifically, projects must demonstrate an in-depth knowledge of and understanding of relevant current and emerging issues in the public rehabilitation system, the public VR program, and the continuing education needs of VR personnel and related professionals. Projects must have the demonstrated ability to direct a

rehabilitation research investigation in cooperation with a variety of experienced participants.

Projects must provide leadership to all phases of the IRI process, including assisting PSG members to define the areas of focus for the designated topic, to identify and address the continuing education needs of personnel of the public rehabilitation system, and to plan and write the project document. Projects must ensure that the group product meets the expectation of the IRI Planning Committee in terms of content areas and depth of review. At the conclusion of the National IRI Forum, projects must submit the final version of the IRI document to RSA for approval. Projects must distribute the approved document to State VR agencies and to others in an accessible format on request for use in staff development, training, and service planning.

Projects must include a plan to meet the communication, coordination, logistical, and budgetary requirements necessary to conduct at least three in person meetings of the PSG, one of which must take place at the National IRI Forum in Washington, DC, at the end of the project year.

#### *Priority 2—Leadership of the National IRI Forum*

This priority funds projects to plan and to lead the annual National IRI Forum of PSG members and other stakeholders in each year of the project period. Projects must demonstrate in-depth knowledge of current, relevant issues in the public rehabilitation system and of methods to facilitate professional development and continuing education activities. Project staff, in cooperation with the IRI Planning Committee, must identify and solicit key stakeholders to provide input and feedback on selected IRI topics, and facilitate discussion and input sessions of diverse individuals with a wide variety of backgrounds so that each of the two IRI PSGs receives feedback on its draft document in a collaborative and positive manner.

Projects must provide a detailed plan for all aspects of the planning and coordination of the meeting, including, but not limited to, facilitation of document feedback sessions, site planning, coordination of accommodations and travel for PSG members funded by the project, coordination of accommodations requested by other participants, and the provision of on-site support services, including the provision of reasonable accommodations upon request. Projects must include a description of a process and methods that will result in high
