Response of the United States to Public Comments on the Proposed Final Judgment

Pursuant to the requirements of the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h) ("APPA" or "Tunney Act"), the United States hereby responds to five public comments received regarding the proposed Final Judgment in this case. After careful consideration of the five comments, the United States continues to believe that the proposed Final Judgment will provide an effective and appropriate remedy for the antitrust violations alleged in the Complaint. The United States will move the Court for entry of the proposed Final Judgment after the public comments and this Response have been published in the **Federal Register**, pursuant to 15 U.S.C. 16(d).

I. Procedural History

On December 3, 2008, the United States and the State of California, Commonwealth of Kentucky, State of Michigan, State of North Carolina, State of Ohio, Commonwealth of Pennsylvania, and State of Texas (the "States") filed the Complaint in this matter, alleging that defendant Republic Services, Inc.'s ("Republic") acquisition of defendant Allied Waste Industries,

Inc. ("Allied"), if permitted to proceed, would combine two of only a few significant providers of small container commercial waste collection or municipal solid waste ("MSW") disposal services in several markets in violation of Section 7 of the Clayton Act, 15 U.S.C. 18. Simultaneously, the United States filed a proposed Final Judgment and a Hold Separate Stipulation and Order signed by the United States, the States and the defendants consenting to the entry of the proposed Final Judgment after compliance with the requirements of the APPA.

Pursuant to those requirements, a Competitive Impact Statement ("CIS") also was filed in this Court on December 3, 2008; the proposed Final Judgment and CIS were published in the **Federal Register** on December 16, 2008, see 73 FR 76,383 (2008); and a summary of the terms of the proposed Final Judgment and CIS, together with directions for the submission of written comments relating to the proposed Final Judgment, was published for seven days in *The Washington Post* on December 31, 2008 through January 6, 2009. The defendants filed the statement required by 15 U.S.C. 16(g) on April 24, 2009. The 60-day public comment period ended on March 9, 2009; five comments were received, as described below and attached hereto.

II. The Investigation and Proposed Resolution

After Republic and Allied announced their plans to merge, the United States Department of Justice (the "United States") conducted an extensive investigation into the competitive effects of the proposed transaction. As part of this investigation, the United States obtained documents and information from the merging parties and others and conducted more than 600 interviews with customers, competitors, and other individuals knowledgeable about the industry. The investigative staff carefully analyzed the information provided and thoroughly considered all of the issues presented. The United States considered the potential competitive effects of the transaction on small container commercial waste collection or MSW disposal services in a number of geographic areas, obtaining information about these services and these areas from market participants. The United States concluded that the combination of Republic and Allied likely would lessen competition in small container commercial waste collection or MSW disposal services in 15 separate geographic markets.
