

not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings #1

June 10, 2009.

Take notice that the Commission received the following exempt wholesale generator filings:

Docket Numbers: EG09-50-000.

Applicants: AES Armenia Mountain Wind, LLC.

Description: Notice of Self-certification as an Exempt Wholesale Generator of AES Armenia Mountain Wind, LLC.

Filed Date: 06/10/2009.

Accession Number: 20090610-5086.

Comment Date: 5 p.m. Eastern Time on Wednesday, July 01, 2009.

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER04-691-091.

Applicants: Midwest Independent Transmission System Operator, Inc.

Description: Midwest Independent Transmission System Operator, Inc submits response to 5/8/09

Commission's letter re additional information on, and requiring the amendment of, the Midwest ISO's compliance filing dated 12/8/08.

Filed Date: 06/05/2009.

Accession Number: 20090610-0048.

Comment Date: 5 p.m. Eastern Time on Friday, June 26, 2009.

Docket Numbers: ER09-411-000.

Applicants: Midwest Independent Transmission System Operator, Inc.

Description: Midwest Independent Transmission System Operator, Inc. submits response to 5/8/09

Commission's letter re additional information on, and requiring the amendment of, the Midwest ISO's compliance filing dated 12/12/08.

Filed Date: 06/08/2009.

Accession Number: 20090610-0051.

Comment Date: 5 p.m. Eastern Time on Monday, June 29, 2009.

Docket Numbers: ER09-1229-000.

Applicants: Niagara Mohawk Power Corporation.

Description: Niagara Mohawk Power Corporation submits letter agreement dated 10/19/89 amending transmission interconnection agreement Rate Schedule 136 with the Power Authority of the State of New York.

Filed Date: 05/29/2009.

Accession Number: 20090609-0062.

Comment Date: 5 p.m. Eastern Time on Friday, June 19, 2009.

Docket Numbers: ER09-1260-000.

Applicants: MidAmerican Energy Company.

Description: MidAmerican Energy Company submits Transmittal letter & Revised Open Access Transmission Tariff, Third Revised Volume 8.

Filed Date: 06/01/2009.

Accession Number: 20090602-0095.

Comment Date: 5 p.m. Eastern Time on Monday, June 22, 2009.

Docket Numbers: ER09-1278-000.

Applicants: AES Armenia Mountain Wind, LLC.

Description: Application of AES Armenia Mountain Wind, LLC for Acceptance of Market-Based Rate Tariff and Granting of Waivers and Blanket Authorizations re AES Armenia Mountain Wind, LLC.

Filed Date: 06/09/2009.

Accession Number: 20090610-0063.

Comment Date: 5 p.m. Eastern Time on Tuesday, June 30, 2009.

Take notice that the Commission received the following electric securities filings:

Docket Numbers: ES09-25-001.

Applicants: Southwest Power Pool, Inc.

Description: Amendment to Application of Southwest Power Pool, Inc.

Filed Date: 06/10/2009.

Accession Number: 20090610-5060.

Comment Date: 5 p.m. Eastern Time on Wednesday, June 24, 2009.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call

(866) 208-3676 (toll free). For TTY, call (202) 502-8659.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 459-212]

Union Electric Company, dba AmerenUE; Notice of Availability of Environmental Assessment

June 10, 2009.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission) regulations (18 CFR Part 380),

Commission staff has reviewed the Shoreline Management Plan (SMP), filed March 28, 2008, for the Osage Project (FERC No. 459). An environmental assessment (EA) has been prepared as part of staff's review. The project licensee, AmerenUE, developed the SMP in accordance with license article 417 of the license for the Osage Project. The project is located in Benton, Camden, Miller, and Morgan Counties, Missouri.

In the EA, Commission staff analyzes the probable environmental effects of the SMP and concludes that approval of the SMP, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission's Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-459) in the docket number field to access the document. For assistance, call (202) 502-8222, or (202) 502-8659 (for TTY).

Any comments should be filed by, July 10, 2009, and should be addressed to Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please reference the Osage Project No. 459, on all comments. For further information on this notice, please contact Shana High at (202) 502-8674.

Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the e-

Filing link. The Commission strongly encourages electronic filing.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP09-035-000]

Palomar Gas Transmission, LLC; Supplemental Notice Requesting Comments on the Maupin Bridge and Warm Springs Reservation Alternatives and on a Potential Amendment to the Land and Resource Management Plan for the Crooked River National Grassland for the Proposed Palomar Gas Transmission Project, and Notice of Public Scoping Meetings

DATE: June 10, 2009.

As previously noticed on October 29, 2007 and July 18, 2008, the staff of the Federal Energy Regulatory Commission (FERC or Commission) is preparing an environmental impact statement (EIS) that will discuss the environmental impacts of the Palomar Gas Transmission Project that could result from the construction and operation of a new underground natural gas pipeline proposed by the Palomar Gas Transmission, LLC (Palomar). This notice explains the additional scoping process that will be used to gather input from the public and interested agencies on two route alternatives to be evaluated for crossing the Deschutes River.

During our evaluation of Palomar's proposed Project, the Bureau of Land Management (BLM) requested that Palomar provide a Visual Resource Management Analysis of the current proposed Deschutes River crossing, a Congressionally designated Wild and Scenic River with one of its Outstanding Remarkable Values being scenic. Based on Palomar's analysis, the BLM has indicated the need for FERC to consider alternatives which avoid crossing the Deschutes River in a visually sensitive area. In addition, the Confederated Tribes of the Warm Springs have requested that the FERC consider a pipeline route that crosses their reservation.

This Supplemental Notice announces the opening of a limited scoping period the Commission will use to gather input from the public and interested agencies, specifically for the two proposed route alternatives. One would traverse land in the City of Maupin and the second

would cross areas near Madras and the land belonging to the Confederated Tribes of the Warm Springs areas. With this Notice, we¹ are specifically requesting comments on these route alternatives, referred to as the Maupin Bridge Alternative and the Warm Springs Reservation Alternative. Your input will help determine which issues need to be evaluated in the EIS. Please note that this scoping period will close on July 13, 2009. This is not your only public input opportunity; please refer to the Environmental Review Process flow chart in Appendix 1.

Comments may be submitted in written form or verbally. Further instructions on how to submit comments and additional details of the public scoping meetings are provided in the public participation section of this notice. In lieu of, or in addition to, sending written comments, you are invited to attend public scoping meetings that have been scheduled for June 29, 2009 in Maupin, Oregon, and June 30, 2009 in Madras, Oregon.

Details on the meetings are as follows:

Monday, June 29, 2009 at 7 p.m. (PST),

South Wasco County High School,
699 4th Street, Maupin, Oregon.

Tuesday, June 30, 2009 at 7 p.m.

(P.S.T.), Madras High School, 390 SE
10th Street, Madras, Oregon.

The FERC is the lead federal agency in the preparation of the EIS, and is preparing the EIS to satisfy the requirements of the National Environmental Policy Act (NEPA). The Commission will use the EIS in its decision-making processes to determine whether or not to authorize the Project.

This Notice is being sent to landowners affected by the current proposed route and alternative routes; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. We encourage government representatives to notify their constituents of this planned Project and encourage them to comment on their areas of concern.

If you are a landowner receiving this Notice, you may be contacted by a Palomar representative about the acquisition of an easement to construct, operate, and maintain the proposed Project facilities. Depending on the alternative selected as the certificated route, Palomar would seek to negotiate a mutually acceptable agreement. However, if the Project is approved by

¹ "We," "us," and "our" refer to the environmental staff of the FERC's Office of Energy Projects.
