

that can house up to 2,500 sentenced or un-sentenced criminal aliens.

Proposals received by the BOP from private contractors include a proposed expansion of an existing facility in Baldwin, Michigan and/or new construction at a site in Lake City, Florida. The BOP has preliminarily evaluated these sites and determined that the prospective sites appear to be of sufficient size to provide space for housing, programs, administrative services and other support facilities associated with the correctional facility. The DEIS to be prepared by the BOP will analyze the potential impacts of correctional facility construction/renovation and operation at these sites.

The Process

In the process of evaluating the sites, several aspects will receive detailed examination including, but not limited to: Topography, geology/soils, hydrology, biological resources, utility services, transportation services, cultural resources, land uses, socio-economics, hazardous materials, and air and noise quality, among others.

Alternatives

In developing the DEIS, the options of "no action" and "alternative sites" for the proposed facility will be fully and thoroughly examined.

Scoping Process

During the preparation of the DEIS, there will be opportunities for public involvement in order to determine the issues to be examined in the DEIS. A Public Scoping Meeting will be held at 6 p.m. June 30, 2009 at the Columbia County Public Library located at 308 NW Columbia Avenue, Lake City, Florida.

In addition, a Public Scoping meeting will be held at 6 p.m., July 7, 2009 at the Webber Township Hall located at 2286 West Springtime Street, Baldwin, Michigan. The meeting locations, dates, and times will be well publicized and have been arranged to allow for public involvement, as well as interested agencies and organizations to attend. The meetings are being held to allow interested persons to formally express their views on the scope and significant issues to be studied as part of the DEIS process. The meetings will provide for timely public comments and understanding of federal plans and programs with possible environmental consequences as required by the NEPA of 1969, as amended, and the National Historic Preservation Act of 1966, as amended.

DEIS Preparation

Public notice will be given concerning the availability of the DEIS for public review and comment at a later date.

ADDRESSES: All are encouraged to provide comments on the proposed action and alternatives at any Public Scoping Meetings and anytime during the 30-day comment review period, which ends July 20, 2009. There are two ways in which comments may be submitted: (1) by attending one of the meetings or (2) by mail. All written comments on the DEIS should be submitted and postmarked no later than July 20, 2009.

Comments submitted by mail or questions concerning the proposed action and the DEIS may be directed to: Richard A.
