SUPPLEMENTARY INFORMATION:

I. Abstract

The LIST (Locator and Information Services Tracking System) system form is used primarily to support services at GSFC dependent upon accurate locator type information. This locator system also serves as a tool for performing short and long-term institutional planning.

II. Method of Collection

Approximately 50% of the data is collected electronically by means of the data entry screen that duplicates the Goddard Space Flight Center form GSFC 24-27 in the LISTS system. The remaining data is keyed into the system from hardcopy version of form GSFC 24-27.

III. Data

Title: Locator and Information Services Tracking System (LISTS) Form.
OMB Number: 2700-0064.

Type of review: Extension of currently approved collection.

Affected Public: Federal government, individuals or households, and business or other for-profit.

Responses Per Respondent: 1.

Annual Responses: 8,455.

Hours Per Request: 0.08 hours/5 minutes.

Annual Burden Hours: 702.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be

collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.
