Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and

Budget (OMB) in compliance with Public Law (Pub. L.) 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions and extensions of OMB-approved information collections and a new collection.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize the burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, e-mail, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and the SSA Reports Clearance Officer to the addresses or fax numbers shown below.

(OMB), Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974, E-mail address: *OIRA_Submission@omb.eop.gov*. (SSA), Social Security Administration, DCBFM, Attn: Reports Clearance Officer, 1332 Annex Building, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410-965-6400, E-mail address: *OPLM.RCO@ssa.gov*.

I. The information collection below is pending at SSA. SSA will submit it to

OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than August 24, 2009. Individuals can obtain copies of the collection instrument by calling the SSA Reports Clearance Officer at 410-965-3758 or by writing to the e-mail address we list above.

1. *Medicare Part B Income-Related Premium—Life-Changing Event Form—20 CFR 408.1125-1201-0960-0735*. Per the Medicare Modernization Act of 2003, selected recipients of Medicare Part B insurance pay an income-related monthly adjustment amount (IRMAA). The Internal Revenue Service (IRS) uses income tax return data to determine the amount of IRMAA. SSA uses Form SSA-44 to determine if a recipient qualifies for a reduction in IRMMA. If affected Medicare Part B recipients believe more recent tax data should be used because a life-changing event has occurred that significantly reduces his/her income, they can report these changes to SSA and ask for a new initial determination of his/her IRMAA. The respondents are Medicare Part B recipients who have a modified adjusted gross income over a high-income "threshold."

Type of Request: Extension of an OMB-approved information collection.

Totals	160,000	—	—	88,000

II. SSA has submitted the information collections we list below to OMB for clearance. Your comments on the information collections would be most useful if OMB and SSA receive them within 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than July 27, 2009. You can obtain a copy of the OMB clearance packages by calling the SSA Reports Clearance Officer at 410-965-3758 or by writing to the above e-mail address.

1. *Request for Internet Services—Authentication; Automated Telephone Speech Technology—Knowledge-Based Authentication—20 CFR 401.45—0960-0596*.

To verify identity, SSA requests individuals and third parties who seek personal information from SSA records, or register to participate in SSA's online business services, to provide certain identifying information. As an extra measure of protection, SSA asks requestors who use the Internet and

telephone services to provide additional identifying information unique to those services so SSA can authenticate their identities before releasing personal information. The respondents are current beneficiaries who are requesting personal information from SSA and/or individuals or third parties who are registering for SSA's online business services.

Type of Request: Extension of an OMB-approved information collection.

2. *Application for Special Benefits for World War II Veterans—20 CFR 408, Subparts B, C and D—0960–0615.* Title VIII of the Social Security Act (Special Benefits for Certain World War II Veterans) allows a qualified World War II veteran who resides outside the United States to receive monthly payments. The regulations set out the

requirements an individual needs to meet to qualify for and become entitled to Special Veterans Benefits (SVB). SSA uses Form SSA–2000–F6 to elicit the information necessary to determine entitlement to SVB. The respondents are individuals who are applying for SVB under Title VIII of the Social Security Act.

Note: This is a correction notice: SSA published this information collection with the incorrect burden information for this collection at 74 FR 18782, on April 24, 2009. We are correcting the error here.

Type of Request: Revision of an OMB-approved information collection.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program 14 CFR Part 150; Detroit Metropolitan Wayne County Airport, Detroit, MI

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program (NCP) submitted by Wayne County Airport Authority under the provisions of 49 U.S.C. (the Aviation Safety and Noise Abatement Act, hereinafter referred to as “the Act”) and 14 CFR part 150. These findings are made in recognition of the description of Federal and nonfederal responsibilities in Senate Report No. 96–52 (1980). The Detroit Metropolitan Wayne County Airport noise exposure maps were determined by FAA to be in compliance with applicable requirements on March 7, 2006. Notice of this determination was published in

the **Federal Register** on March 21, 2006, **Federal Register** volume 71, number 54, page 14282.

Under section 47504 of the Act, an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the noise exposure maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulations (FAR) part 150 is a local program, not a Federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA’s approval or disapproval of FAR part 150 program recommendations is measured according to the standards expressed in part 150 and the Act and is limited to the following determinations:

a. The noise compatibility program was developed in accordance with the provisions and procedures of FAR part 150;

b. Program measures are reasonably consistent with achieving the goals of reducing existing non-compatible land uses around the airport and preventing the introduction of additional non-compatible land uses;

c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grant agreements, or intrude into areas preempted by the Federal Government; and

d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the efficient use and management of the navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

The submitted program contained twenty proposed actions for noise mitigation on and off the airport, as applicable. The FAA completed its review and determined that the procedural and substantive requirements of the Act and FAR part 150 have been satisfied.

On June 1, 2009, the FAA approved the Detroit Metropolitan Wayne County Airport noise compatibility program. Fourteen of the twenty recommendations of the program were approved. Three recommendations are
