Electric Quarterly Reports; PowerGrid Systems, Inc. Order on Intent To Revoke Market-Based Rate Authority

Issued June 22, 2009.

1. Section 205 of the Federal Power Act (FPA),¹ and the Commission's regulations at 18 CFR Part 35, require, among other things, that all rates, terms, and conditions of jurisdictional services be filed with the Commission. In Order No. 2001, the Commission revised its public utility filing requirements and established a requirement for public utilities, including power marketers, to file Electric Quarterly Reports summarizing the contractual terms and conditions in their agreements for all jurisdictional services (including market-based power sales, cost-based power sales, and transmission service) and providing transaction information (including rates) for short-term and long-term power sales during the most recent calendar quarter.²

2. Commission staff's review of the Electric Quarterly Report submittals indicates that one utility with authority to sell electric power at market-based

rates has failed to file its Electric Quarterly Reports. This order notifies PowerGrid Systems, Inc. (PowerGrid) that its market-based rate authorization will be revoked unless it complies with the Commission's requirements within 15 days of the date of issuance of this order.

3. In Order No. 2001, the Commission stated that,

[i]f a public utility fails to file a[n] Electric Quarterly Report (without an appropriate request for extension), or fails to report an agreement in a report, that public utility may forfeit its market-based rate authority and may be required to file a new application for market-based rate authority if it wishes to resume making sales at market-based rates.³

4. The Commission further stated that,

[o]nce this rule becomes effective, the requirement to comply with this rule will supersede the conditions in public utilities' market-based rate authorizations, and failure to comply with the requirements of this rule will subject public utilities to the same consequences they would face for not satisfying the conditions in their rate authorizations, including possible revocation of their authority to make wholesale power sales at market-based rates.⁴

5. Pursuant to these requirements, the Commission has revoked the market-based rate tariffs of several market-based rate sellers that failed to submit their Electric Quarterly Reports.⁵

6. As noted above, Commission staff's review of the Electric Quarterly Report submittals identified one public utility with authority to sell power at market-based rates that failed to file Electric Quarterly Reports through the first quarter of 2009. Commission staff contacted this entity to remind it of its regulatory obligations.⁶ PowerGrid has not met those obligations.⁷ Accordingly, this order notifies PowerGrid that its market-based rate authorization will be revoked unless it complies with the Commission's requirements within 15 days of the issuance of this order.

7. In the event that PowerGrid has already filed its Electric Quarterly Report in compliance with the Commission's requirements, its inclusion herein is inadvertent. We direct PowerGrid, within 15 days of the date of issuance of this order, to make a filing with the Commission identifying

itself and providing details about its prior filings that establish that it complied with the Commission's Electric Quarterly Report filing requirements.

8. If PowerGrid does not wish to continue having market-based rate authority, it may file a notice of cancellation with the Commission pursuant to section 205 of the FPA to cancel its market-based rate tariff.

The Commission Orders

(A) Within 15 days of the date of issuance of this order, PowerGrid shall file with the Commission all delinquent Electric Quarterly Reports. If PowerGrid fails to make this filing, the Commission will revoke its authority to sell power at market-based rates and will terminate its electric market-based rate tariff. The Secretary is hereby directed, upon expiration of the filing deadline in this order, to promptly issue a notice, effective on the date of issuance, listing the public utility whose tariff has been revoked for failure to comply with the requirements of this order and the Commission's Electric Quarterly Report filing requirements.

(B) The Secretary is hereby directed to publish this order in the **Federal Register**.

By the Commission.
