Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Summer Undergraduate Research Fellowship (SURF) Program Student Applicant Information.

OMB Control Number: 0693-0042.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 400.

Number of Respondents: 200.

Average Hours per Response: 2.

Needs and Uses: The SURF Program provides an opportunity for the NIST laboratories and the National Science Foundation (NSF) to join in a partnership to encourage outstanding undergraduate students to pursue careers in science and engineering. The Program also provides research opportunities for students to work with internationally known NIST scientists, to expose them to cutting-edge research, and promote the pursuit of graduate degrees in science and engineering.

The information is used for evaluation and selection, and includes: Student's name, host institution, e-mail address/contact information, home address, class standing, first- and second-choice NIST laboratories they wish to apply to, academic major (minor), current overall GPA, need for housing and gender (for housing purposes only), availability dates, resume, personal statement of commitment and research interests, two

letters of recommendation, academic transcripts, verification of U.S. citizenship or permanent legal residency, and verification of health coverage.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Jasmeet Seehra, (202) 395-3123.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

SUPPLEMENTARY INFORMATION:

Background

Section 4(c)(2) of the ESA requires that, at least every 5 years, the Secretary shall conduct a review of all ESA-listed species and determine whether any species should: (1) Be removed from such list; (2) be changed in status from an endangered species to a threatened species; or (3) be changed in status from a threatened species to an endangered species. In the Pacific Northwest, NMFS' reviews of the status of listed salmon and steelhead populations, and the extent to which the threats and other factors limiting the species' recovery have been addressed, are largely dependent upon monitoring information collected by state, tribal, and Federal co-managers. In an effort to provide more direction to agencies monitoring the status of ESA-listed salmon and
