SUPPLEMENTARY INFORMATION: The Privacy Act of 1974 as amended (5 U.S.C. 552a), provides for certain protections for individuals applying for and receiving Federal benefits. The law governs the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State or local government records. The Privacy Act requires agencies involved in computer matching programs to:

1. Negotiate written agreements with the other agency or agencies participating in the matching programs;
2. Provide notification to applicants and beneficiaries that their records are subject to matching;
3. Verify information produced by such matching program before reducing, making a final denial of, suspending, or terminating an individual's benefits or payments;
4. Publish notice of the computer matching program in the **Federal Register**;
5. Furnish reports about the matching program to Congress and OMB; and
6. Obtain the approval of the Data Integrity Board of any Federal agency participating in a matching program.

This matching program meets the requirements of the Privacy Act of 1974, as amended, (5 U.S.C. 552a).

Dated: June 19, 2009.

Vicki Turetsky,

Commissioner, Office of Child Support Enforcement.

Notice of New Computer Matching Program

A. Participating Agencies

The participating agencies are OCSE, which is the "recipient agency," and State Agencies administering the Supplemental Nutrition Assistance Program (SNAP), which are the "source agencies."

B. Purpose of the Matching Program

The purpose of the matching program is to provide new hire, quarterly wage (QW) and unemployment insurance (UI) information from OCSE's National Directory of New Hires (NDNH) database to State Agencies administering the Supplemental Nutrition Assistance Program for the purpose of determining the eligibility of Supplemental Nutrition Assistance applicants and recipients. The State Agencies administering the Supplemental Nutrition Assistance Program may also use the NDNH information for the purpose of updating the recipients' reported participation in work activities and updating recipients' and their employers' contact information maintained by the State Agencies administering the Supplemental Nutrition Assistance Program.

C. Authority for Conducting the Match

The authority for conducting the matching program is contained in section 453(j)(10) of the Social Security Act (42 U.S.C. § 653(j)(10)).

D. Categories of Individuals Involved and Identification of Records Used in the Matching Program

The categories of individuals involved in the matching program are adult members of households that receive or have applied for Supplemental Nutrition Assistance Program benefits. The system of records maintained by OCSE from which records will be disclosed for the purpose of this matching program is the "Location and Collection System" (LCS), No. 09-90-0074, last published in the **Federal Register** at 72 FR 51446 on September 7, 2007. The LCS contains the NDNH, which contains new hire, QW, and UI information. Disclosures of NDNH information to the State Agencies administering SNAP are a "routine use" under this system of records. Records resulting from the matching program and which are disclosed to State Agencies administering the Supplemental Nutrition Assistance Program include names, Social Security numbers, home addresses, and employment information.

E. Inclusive Dates of the Matching Program

The matching agreement will be effective and matching activity may commence the later of the following:

- (1) 30 days after this Notice is published in the **Federal Register** or
- (2) at least 40 days after OCSE sends a report of a matching program to the Congressional committees of

jurisdiction under 5 U.S.C. 552a(o)(2)(A); and to OMB, unless OMB disapproves the agreement within the 40-day review period or grants a waiver of 10 days of the 40-day review period. The matching agreement will remain in effect for 18 months from its effective date, unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement. The agreement is subject to renewal by the HHS Data Integrity Board for 12 additional months if the matching program will be conducted without any change and each party to the agreement certifies to the Board in writing that the program has been conducted in compliance with the agreement.
