

The EPA has also developed a Web site for the proposed rule. A copy of the notice of proposed rulemaking (which is essentially the same as the proposal that will be published) was posted on the EPA Web site prior to publication in the **Federal Register**. The EPA Web site for the rulemaking, which includes information about the public hearings, can be found at: <http://www.epa.gov/otaq/oceanvessels.htm>.

Dated: June 25, 2009.

Margo T. Oge,

Director, Office of Transportation and Air Quality.

BILLING CODE 6560-50-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2008-0020; Internal Agency Docket No. FEMA-B-1062]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the following communities: the City of St. Louis, St. Charles and St. Louis counties in Missouri; and Madison, Monroe, and St. Clair counties in Illinois. The communities addressed by this rule were the subject of an act of Congress which required the Federal Emergency Management Agency (FEMA) to delay the statutory appeals process required under Section 1363 of the National Flood Insurance Act of 1968, until certain publication requirements were met for each of these communities.

The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to

calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before October 6, 2009.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1062, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes and seeks comment on the Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

Those communities affected by this proposed rule are the City of St. Louis, St. Charles and St. Louis counties in Missouri; and Madison, Monroe, and St. Clair counties in Illinois. The communities addressed by this rule were the subject of an act of Congress which required the Federal Emergency Management Agency (FEMA) to delay the statutory appeals process required under 1363 of the National Flood Insurance Act of 1968, until certain publication requirements were met for each of the included communities. Specifically, the legislation stated, "Until such time as preliminary flood insurance rate maps initiated prior to October 1, 2008 are completed and released for public review, preliminary base flood elevations are published in the **Federal Register**, and the second required local newspaper publication of such base flood elevations is made for the City of St. Louis, St. Charles and St. Louis counties in Missouri, and Madison, Monroe, and St. Clair counties in Illinois, the Administration shall not begin the statutory appeals process in such areas required under 1383 of the

National Flood Insurance Act of 1968." (Consolidated Security, Disaster Assistance, and Continuing Appropriations Act 2009, Pub. L. 110-329, Div. B, Sec. 10503, 122 Stat. 3574, 3593 (2008)). In accordance with the intent of the legislation, FEMA intends to initiate concurrent appeal periods for these Missouri and Illinois communities.

FEMA originally published BFEs for the affected Illinois communities in proposed rules in 2008. The proposed BFEs for Monroe and Madison counties published August 18, 2008, at 73 FR 48170. The proposed BFEs for St. Clair County published September 3, 2008, at 73 FR 51400. The proposed BFEs for Monroe, Madison, and St. Clair counties which published at 73 FR 48170 and 73 FR 51400 are withdrawn and replaced by the proposed BFEs set forth below in this rule. FEMA received no comments on the proposed rules published at 73 FR 48170 and 73 FR 51400. Only one minor change has been made in the proposed BFEs for these Illinois counties since the 2008 publications. In proposed rule 73 FR 48170 for Madison County, the existing BFE for the Mississippi River was listed as 403 feet using the North American Vertical Datum (NAVD). This was a typographical error and has been modified to reflect the correct existing BFE of 430 feet NAVD. This rule is the first publication of proposed BFEs for the affected Missouri counties.

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental

impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies

that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location**	Elevation/Depth	
				Existing	Modified
City of St. Louis, Missouri					
Missouri	City of St. Louis	Mississippi River	Approximately 0.5 miles upstream from the Poplar Street, Bridge.	+427	+426
			Approximately 0.6 miles upstream from US Interstate 270 at the northern boundary of the City of St. Louis.	+434	+433

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

^ Mean Sea Level, rounded to the nearest 0.1 meter.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

ADDRESSES

City of St. Louis

Maps are available for inspection at 1200 Market Street, Room 400, St. Louis, MO 63103.

BILLING CODE 9110-12-P

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[DA 09-1431; MB Docket No. 09-110; RM-11542]

Television Broadcasting Services; Santa Fe, NM

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by The Regents of the University of New Mexico ("the University"), the licensee of station KNMD-DT, DTV channel *9, Santa Fe, New Mexico. The University requests the substitution of DTV channel *8 for channel *9 at Santa Fe.

DATES: Comments must be filed on or before July 23, 2009, and reply comments on or before August 3, 2009.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 445 12th Street, SW., Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for petitioner as follows: Margaret L. Miller, Esq., Dow Lohnes PLLC, 1200 New Hampshire Avenue, NW., Suite 800, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT:

Joyce L. Bernstein,
Joyce.Bernstein@fcc.gov, Media Bureau, (202) 418-1600.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rulemaking, MB Docket No. 09-110, adopted June 25, 2009, and released June 26, 2009. The full text of this document is available for public inspection and copying during normal business hours in the FCC's Reference Information Center at Portals II, CY-A257, 445 12th Street, SW., Washington, DC 20554. This document will also be available via ECFS (<http://www.fcc.gov/cgb/ecfs/>). (Documents will be available electronically in ASCII, Word 97, and/or Adobe Acrobat.) This document may be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., 445 12th

Street, SW., Room CY-B402, Washington, DC 20554, telephone 1-800-478-3160 or via e-mail <http://www.BCPIWEB.com>. To request this document in accessible formats (computer diskettes, large print, audio recording, and Braille), send an e-mail to fcc504@fcc.gov or call the Commission's Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY). This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding. Members of the public should note that from the time a Notice of Proposed Rulemaking is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1204(b) for
