DEPARTMENT OF DEFENSE**Department of the Army, Corps of Engineers****33 CFR Part 334****United States Navy Danger Zone, Naval Air Station North Island, San Diego, CA**

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of proposed rulemaking and request for comments.

SUMMARY: The U.S. Army Corps of Engineers is proposing to establish a new danger zone in the waters adjacent to the existing small arms range (SAR) on Naval Air Station North Island (NASNI) located in San Diego, California. The proposed regulation would prohibit any activity by the public within the danger zone. The new danger zone is necessary to bring the existing SAR into compliance with the Naval Facilities Engineering Command MIL–HDBK 10–27/3B by preventing any SAR ricochet rounds from posing a hazard to passing water traffic.

FOR FURTHER INFORMATION CONTACT: Mr. David Olson, Headquarters, Operations and Regulatory Community of Practice, Washington, DC at 202-761-4922 or Ms. Kari Coler, U.S. Army Corps of Engineers, Los Angeles District, Regulatory Division, at 760-602-4834 or Ms. Therese O'Rourke, U.S. Army Corps of Engineers, Los Angeles District, Regulatory Division, at 760-602-4830.

SUPPLEMENTARY INFORMATION: In response to a request from the Department of the Navy and pursuant to its authorities in Section 7 of the Rivers and Harbors Act of 1917 (40 Stat. 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat. 892; 33 U.S.C. 3), the Corps is proposing to amend the regulations at 33 CFR part 334 to establish a new danger zone. The proposed danger zone will prohibit access to waters adjacent to the SAR located on NASNI without prior written permission from the Commander, Navy Region Southwest or a designee, thereby ensuring that no threat is posed to passing water traffic due to ricochet rounds.

Procedural Requirements

a. *Review Under Executive Order 12866.* The proposed rule is issued with respect to a military function of the Defense Department and the provisions of Executive Order 12866 do not apply.

b. *Review Under the Regulatory Flexibility Act.* This proposed rule has been reviewed under the Regulatory Flexibility Act (Pub. L. 96-354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (i.e., small businesses and small governments). Unless information is

obtained to the contrary during the public notice comment period, the Corps expects that this danger zone would have practically no economic impact on the public, and minimal anticipated navigational hazard or interference with existing waterway traffic. This proposed rule, if adopted, will have no significant economic impact on small entities.

c. *Review under the National Environmental Policy Act.* Due to the administrative nature of this action and because the proposed site for the danger zone is located in the Pacific Ocean and vessels may navigate around the prohibited area, the Corps expects that this regulation, if adopted, will not have a significant impact to the quality of the human environment and, therefore, preparation of an environmental impact statement will not be required. An environmental assessment will be prepared after the public notice period is closed and all comments have been received and considered. It may be reviewed at the District office listed at the end of the **FOR FURTHER INFORMATION CONTACT** section, above.

d. *Unfunded Mandates Act.* This proposed rule does not impose an enforceable duty among the private sector and, therefore, it is not a Federal private section mandate and it is not subject to the requirements of either section 202 or Section 205 of the Unfunded Mandates Act. We have also found under Section 203 of the Act, that small governments will not be significantly and uniquely affected by this rulemaking.

Dated: July 2, 2009.

Approved.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900-AN15

Charges Billed to Third Parties for Prescription Drugs Furnished by VA to a Veteran for a Nonservice-Connected Disability

AGENCY: Department of Veterans Affairs.
ACTION: Proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) proposes to amend its medical regulations concerning "reasonable charges" for medical care or services provided or furnished by VA to a veteran for a nonservice-connected disability. More specifically, VA proposes to amend the regulations regarding charges billed for prescription drugs not administered during treatment by changing the billing formula to reflect VA's actual drug costs for each drug rather than our current practice of using a national average drug cost for all prescriptions dispensed. The revised formula for calculating "reasonable charges" for prescription drug costs would also continue to include an average administrative cost for each prescription. The purpose is to provide VA with a more accurate billing methodology for prescription drugs.
