

Sharing alliance and the Nuclear Energy Institute (NEI), respectively. On July 18, 2008, the NRC staff discussed these comments during a public meeting with NEI and industry representatives, as documented in "Summary of the License Renewal Meeting Held between the U.S. Nuclear Regulatory Commission Staff and the Nuclear Energy Institute," dated October 3, 2008 (ML082480547). Overall, the comments indicated that the NRC staff's proposed guidance is too prescriptive and does not acknowledge the unique design aspects of each plant, as reflected in the plant's current licensing basis.

The NRC staff evaluated both the comments submitted in writing, and those provided during the July 18, 2008, meeting and subsequent public license renewal meetings, and determined that the proposed clarification in LR-ISG-2008-01 is unnecessary because the NRC staff's review of license renewal applications is based on the plant-specific current licensing bases, regulatory requirements, and offsite power design configurations. As such, the NRC staff will continue to review license renewal applications against the acceptance criteria in SRP-LR section 2.5.2.1.1 to ensure applicants include within the scope of license renewal the systems, structures, and components that perform functions to demonstrate compliance with the Station Blackout Rule, as required by 10 CFR 54.4(a)(3).

Therefore, by this action, the NRC is withdrawing LR-ISG-2008-01.

[Docket Nos. 50-254 and 50-265; NRC-2009-0309]

Exelon Generation Company, LLC; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Exelon Generation Company, LLC (the licensee) to withdraw its December 21, 2007, application for proposed amendment to Renewed Facility Operating License Nos. DPR-29 and DPR-30 for the Quad Cities Nuclear Power Station, Units 1 and 2, located in Rock Island County, Illinois.

The proposed amendment would have revised the Technical Specifications Surveillance Requirements to establish an acceptance criterion to verify that total battery connector resistances for the 125 and 250 volt direct current batteries are within pre-established limits that ensure the batteries can perform their design function.

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on February 26, 2008 (73 FR 10298) and December 30, 2008 (73 FR 79932). However, by letter dated June 25, 2009, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated December 21, 2007, and the licensee's letter dated June 25, 2009, which withdrew the application for license amendment. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. I. Introduction

On July 2, 2009, the Postal Service filed a formal request pursuant to 39

U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Express Mail & Priority Mail Contract 8 to the Competitive Product List.¹ On July 6, 2009, the Postal Service filed a revised version of its filing which includes attachments inadvertently omitted from the July 2, 2009 request.² The Postal Service asserts that the Express Mail & Priority Mail Contract 8 product is a competitive product "not of general applicability" within the meaning of 39 U.S.C. 3632(b)(3). *Id.* at 1. The Request has been assigned Docket No. MC2009-33.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. *Id.* at 2. The contract has been assigned Docket No. CP2009-44.

Request. The Request incorporates (1) A redacted version of the Governors' Decision authorizing the new product; (2) a redacted version of the contract; (3) requested changes to the Mail Classification Schedule product list; (4) a Statement of Supporting Justification as required by 39 CFR 3020.32; and (5) certification of compliance with 39 U.S.C. 3633(a).³ Substantively, the Request seeks to add Express Mail & Priority Mail Contract 8 to the Competitive Product List. Request at 1-2.

In the Statement of Supporting Justification, Mary Prince Anderson, Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to institutional costs, and increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. *Id.*, Attachment D. Thus, Ms. Anderson contends there will be no issue of subsidization of

The Governors' Decision includes an attachment which provides an analysis of the proposed Express Mail and Priority Mail Contract 8 and certification of the Governors' vote. Attachment B is the redacted version of the contract. Attachment C shows the requested changes to the Mail Classification Schedule product list. Attachment D provides a Statement of Supporting Justification for the Request. Attachment E provides the certification of compliance with 39 U.S.C. 3633(a).

competitive products by market dominant products as a result of this contract. *Id.*

Related contract. A redacted version of the specific Express Mail & Priority Mail Contract 8 is included with the Request. The contract has an initial term of 3 years and is to be effective 1 day after the Commission provides all necessary regulatory approvals. The Postal Service represents that the contract is consistent with 39 U.S.C. 3633(a) and 39 CFR 3015.7(c). *See id.*, Attachment A and Attachment E. It notes that actual performance under this contract could vary from estimates, but concludes that the risks are manageable. *Id.*, Attachment A.

The Postal Service filed much of the supporting materials, including the Governors' Decision and the specific Express Mail & Priority Mail Contract 8, under seal. In its Request, the Postal Service maintains that the contract and related financial information, including the customer's name and the accompanying analyses that provide prices, terms, conditions, and financial projections should remain under seal. *Id.* at 2-3.

II. Notice of Filings

The Commission establishes Docket Nos. MC2009-33 and CP2009-44 for consideration of the Request pertaining to the proposed Express Mail & Priority Mail Contract 8 product and the related contract, respectively. In keeping with practice, these dockets are addressed on a consolidated basis for purposes of this Order; however, future filings should be made in the specific docket in which issues being addressed pertain.

Interested persons may submit comments on whether the Postal Service's filings in the captioned dockets are consistent with the policies of 39 U.S.C. 3632, 3633, or 3642 and 39 CFR part 3015 and 39 CFR part 3020 subpart B.
