SUPPLEMENTARY INFORMATION:

A. Background

This interim rule implements Sections 805 and 815 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181). Section 805 specifies the types of commercial item acquisitions for which time-and-materials and labor-hour contracts may be used. Section 815 addresses the situations under which major weapon systems, subsystems of major weapon systems, and components and spare parts for major weapon systems may be acquired using procedures established for the acquisition of commercial items. In addition, Section 815 requires DoD to modify its regulations to clarify that the terms “general public” and “non-governmental entities,” with regard to sales of commercial items, do not include the Federal Government or a State, local, or foreign government.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule reinforces existing requirements for the appropriate use of

commercial acquisition procedures and for ensuring that contract prices are fair and reasonable. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2008-D011.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination to Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense, that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements Sections 805 and 815 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181). Section 805 requires DoD to modify its acquisition regulations to ensure that time-and-materials and labor-hour contracts are used for commercial items only under certain specified circumstances. Section 815 limits the conditions under which major weapon systems, subsystems of major weapon systems, and components and spare parts of major weapon systems may be treated as commercial items and acquired under procedures established for the acquisition of commercial items. In addition, Section 815 requires DoD to modify its regulations on the acquisition of commercial items to clarify that the terms “general public” and “non-governmental entities” do not include the Federal Government or a State, local, or foreign government. Comments received in response to this interim rule will be considered in the formation of the final rule.
