

“Act”) and the rules and regulations thereunder and, in particular, the requirements of section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(5) requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that permanent approval of the Quarterly Options Series Program will result in a continuing benefit to investors, by allowing them to more closely tailor their investment decisions.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

The Exchange requests that the Commission waive the 30-day operative delay so that the Exchange can permanently establish a Quarterly Options Series Program that is consistent with those of other options

exchanges.⁹ In addition, the Commission notes that the Exchange's QOS Program currently is scheduled to expire on July 10, 2009. The Commission therefore has determined that waiving the 30-day operative delay of the Exchange's proposal is consistent with the protection of investors and the public interest because such waiver will enable the Exchange to permanently establish the QOS program without disruption.¹⁰ Therefore, the Commission designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-ISE-2009-50 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-ISE-2009-50. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ISE-2009-50 and should be submitted on or before August 7, 2009.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

[Release No. 34-60281; File No. SR-ISE-2009-49]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend a Pilot Program for Short Term Options Series

July 10, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 8, 2009, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. ISE has satisfied this requirement.

⁹ See Securities Exchange Act Release No. 60164 (June 23, 2009), 74 FR 31333 (June 30, 2009) (SR-CBOE-2009-029) (approving the quarterly options series program on a permanent basis).

¹⁰ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend its rules to extend the Short Term Option Series Pilot Program ("Pilot Program") for an additional year. The text of the proposed rule change is available on the Exchange's Web site <http://www.ise.com>, at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On July 12, 2005, the Commission approved the Short Term Option Series Pilot Program ("Pilot Program") that allows ISE to list and trade Short Term Option Series.³ Under the terms of the Pilot Program, the Exchange can select up to five options classes on which Short Term Option Series may be opened on any Short Term Option Series Opening Date. The Exchange is also allowed to list Short Term Option Series on any option class that is selected by other securities exchanges that employ a similar pilot program under their respective rules.

The Pilot Program was subsequently extended⁴ and the current Pilot Program is set to expire on July 12, 2009.⁵ The purpose of this proposed rule change is to extend the Pilot Program for an additional one year. The Exchange believes that Short Term Option Series provides investors with a flexible and valuable tool to manage risk exposure, minimize capital outlays, and be more responsive to the timing of

events affecting the securities that underlie option contracts. While ISE has not listed any Short Term Option Series during the Pilot Program, there has been investor interest in trading short-term options at the Chicago Board Options Exchange. For competitive reasons and in order to have the ability to respond to customer interest in Short Term Option Series, the Exchange proposes the continuation of the Pilot Program at ISE.

In the original proposal to establish the Pilot Program, the Exchange stated that if it were to propose an extension or an expansion of the Pilot Program, the Exchange would submit, along with any filing proposing such amendments to the Pilot Program, a report ("Pilot Program Report") that would provide an analysis of the Pilot Program covering the entire period during which the Pilot Program was in effect. Since the Exchange did not list any Short Term Option Series during the preceding year of the Pilot Program, there is no data available to compile such a report at this time. Therefore, the Exchange is not submitting a Pilot Program Report with this proposal.

Finally, the Exchange represents that it has the necessary systems capacity to support the listing of Short Term Options Series should it determine to do so in the future.

2. Statutory Basis

The Exchange believes that Short Term Option Series increases the variety of listed options available to investors and provides investors with a valuable tool to manage risk exposure, minimize capital outlays and be more responsive to the timing of events affecting the securities that underlie options contracts. For these reasons, the Exchange believes the proposed rule change is consistent with Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

The Exchange has asked the Commission to waive the operative delay to permit the proposed rule change to become operative prior to the 30th day after filing. The Commission has determined that waiving the 30-day operative delay of the Exchange's proposal is consistent with the protection of investors and the public interest and will promote competition because such waiver will allow ISE to continue the existing Pilot Program without interruption.¹⁰ Therefore, the Commission designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. ISE has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60283; File No. SR-NYSEAmex-2009-41]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NYSE Amex LLC Amending Its Option Trading Rules in Order To Adopt the Quarterly Option Series Pilot Program on a Permanent Basis

July 10, 2009.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on July 9, 2009, NYSE Amex LLC ("NYSE Amex" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its option trading rules in order to adopt the Quarterly Option Series Pilot Program on a permanent basis. The text of the proposed rule change is attached as Exhibit 5 to the 19b-4 form. A copy of this filing is available on the Exchange's Web site at <http://www.nyse.com>, at the Exchange's principal office and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to adopt the Quarterly Option Series Pilot Program ("QOS Program") on a permanent basis. On July 12, 2006, the Exchange filed with the Securities and Exchange Commission ("Commission") SR-Amex-2006-67, which was effective on filing and established the QOS Program. The QOS Program allows NYSE Amex to list and trade Quarterly Option Series, which expire at the close of business on the last business day or a calendar quarter. Under the QOS Program, NYSE Amex may select up to five (5) currently listed exchange traded fund ("ETF") or index option classes on which Quarterly Option Series may be opened. In addition, NYSE Amex may also list Quarterly Option Series on any options classes that are selected by other securities exchanges that employ a similar pilot program under their respective rules.

The Exchange may list series that expire at the end of the next consecutive four (4) calendar quarters, as well as the fourth quarter of the next calendar year. For example, if the Exchange is trading Quarterly Options Series in the month of May 2009, it may list series that expire at the end of the second, third, and fourth quarters of 2009, as well as the first and fourth quarters of 2010. Following the second quarter 2009 expiration, the Exchange could add series that expire at the end of the second quarter of 2010.

Quarterly Option Series are P.M. settled.

Quarterly Option Series in ETF Options

If an ETF option is selected for participation in the QOS Program, the strike price of each Quarterly Option Series is fixed at a price per share, with at least two strike prices above and two strike prices below the approximate value of the underlying security at about the time the Quarterly Options Series is opened for trading on the Exchange. NYSE Amex shall list strike prices for a Quarterly Option series that are within \$5 of the closing price of the underlying on the preceding day.

The Exchange may open for trading additional Quarterly Options Series of the same class when the Exchange deems it necessary to maintain an orderly market, to meet customer demand or when the market price of the underlying security moves substantially from the initial exercise price or prices. To the extent that any additional strike
