

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60285; File No. SR-NYSEArca-2009-67]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NYSE Arca, Inc. To Extend the One Week Option Series Pilot Program

July 10, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 9, 2009, NYSE Arca, Inc. ("NYSE Arca" or the "Exchange") filed with the Securities and Exchange Commission the proposed rule change as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the One Week Option Series Pilot Program ("Pilot Program") for an additional one-year period. The text of the proposed rule change is attached as Exhibit 5 to the 19b-4 form. A copy of this filing is available on the Exchange's Web site at <http://www.nyse.com>, at the Exchange's principal office and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On July 12, 2005 the Commission approved the Pilot Program³ that allows NYSE Arca to list and trade One Week Options Series. Under the terms of the Pilot Program, the Exchange can select up to five options classes on which One Week Option Series may be opened on any One Week Option Opening Date. The Exchange is also allowed to list One Week Option Series on any option class that is selected by other securities exchanges that employ a similar Pilot Program under their respective rules.

The purpose of this proposal is to extend the Pilot Program for a one year period ending on July 12, 2010. The current Pilot Program expires on July 12, 2009.⁴ The Exchange believes that One Week Term Option Series can provide investors with a flexible and valuable tool to manage risk exposure, minimize capital outlays, and be more responsive to the timing of events affecting the securities that underlie option contracts. While NYSE Arca has not listed any One Week Option Series during the Pilot Program there has been continued investor interest in trading short-term options at the Chicago Board Options Exchange ("CBOE"). In order to have the ability respond to customer interests if warranted, the Exchange proposes the continuation of the Pilot Program at NYSE Arca.

In the original proposal to establish the Pilot Program the Exchange stated that if it were to propose an extension or an expansion of the program, the Exchange would submit, along with any filing proposing such amendments to the program, a Pilot Program report ("Report"). The Report would provide an analysis of the Pilot Program covering the entire period during which the Pilot Program was in effect. Since the Exchange does not have any One Week Options Series listed as part of the Pilot Program, there is no data available to compile such a report at this time. Therefore there is no Report associated with the program included with this proposal to extend the pilot program.

The Exchange represents that it has the necessary system capacity needed to support any additional option series listed under the Pilot Program.

³ See Securities Exchange Act Release No. 34-52013 (July 12, 2005), 70 FR 41471 (July 19, 2005), approval order for SR-PCX-2005-32.

⁴ See Securities Exchange Act Release No. 34-58085 (July 2, 2008), 73 FR 39767 (July 10, 2008), SR-NYSEArca-2008-68 (Pilot Program extension).

2. Statutory Basis

The Exchange believes that One Week Option Series can stimulate customer interest in options and provide a flexible and valuable tool to manage risk exposure, minimize capital outlays, and be more responsive to the timing of events affecting the securities that underlie option contracts. For these reasons, the Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder and, in particular, the requirements of section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the section 6(b)(5)⁵ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷

⁵ 15 U.S.C. 78(f)(b)(5).

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. ISE has satisfied this requirement.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

The Exchange has asked the Commission to waive the operative delay to permit the proposed rule change to become operative prior to the 30th day after filing. The Commission has determined that waiving the 30-day operative delay of the Exchange's proposal is consistent with the protection of investors and the public interest and will promote competition because such waiver will allow the Exchange to continue the existing Pilot Program without interruption.⁸ Therefore, the Commission designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2009-67 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2009-67. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written

communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2009-67 and should be submitted on or before August 7, 2009.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

Elizabeth M. Murphy,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60287; File No. SR-NYSE-2009-69]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by New York Stock Exchange LLC Amending NYSE Rule 72 To Eliminate Parity Allocations for DMM Interest Added Intra Day During a Slow Quote or When Verbally Trading With Floor Brokers at the Point of Sale

July 10, 2009.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on July 9, 2009, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission ("SEC" or the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Rule 72 to eliminate parity allocations for DMM interest added intra day during a slow quote or when verbally trading with Floor brokers at the point of sale. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE proposes to amend NYSE Rule 72 to eliminate parity executions for DMM interest added intra-day during a slow quote or when verbally trading with Floor brokers at the point of sale ("slow trading condition"). Through this proposal Exchange systems' allocation logic will be modified so that DMM interest added intra day during a slow trading condition yield to all other interest present at the price point. As such, all other interest eligible to receive an execution at the price will receive share allocation in full before any shares are allocated to the additional DMM interest. If shares remain, then the DMM interest added at the price point during the slow trading condition would receive an allocation. If no shares remain then the DMM interest will not be allocated any shares in the transaction and would be cancelled by operation of the proposed rule.

The Exchange notes that parallel changes are proposed to be made to the rules of the NYSE Amex LLC (formerly the American Stock Exchange).⁴

⁸ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
