DEPARTMENT OF TRANSPORTATION**Federal Transit Administration**

[FTA Docket No. FTA-2009-0035]

Agency Information Collection Activity Under OMB Review

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: The Federal Transit Administration invites public comment about our intention to request the Office of Management and Budget's (OMB's) approval to renew the following information collection: 49 U.S.C. Section 5317—New Freedom Program.

The information to be collected for this program is used to determine eligibility for funding and to monitor the grantees' progress in implementing and completing project activities. The information submitted ensures FTA's compliance with applicable Federal laws and OMB Circular A-102. The **Federal Register** Notice with a 60-day comment period soliciting comments was published on April 23, 2009.

DATES: Comments must be submitted before August 17, 2009. A comment to OMB is most effective if OMB receives it within 30 days of publication.

FOR FURTHER INFORMATION CONTACT: Sylvia L. Marion, Office of Administration, Office of Management Planning, (202) 366-6680.

SUPPLEMENTARY INFORMATION:

Title: 49 U.S.C. Section 5317—New Freedom Program.

Abstract: 49 U.S.C. Section 5317, the New Freedom Program, authorizes the Secretary of Transportation to make grants to States for areas with a population of less than 200,000 and designated recipients in urbanized areas of 200,000 persons or greater to reduce barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act (ADA) of 1990. Grant recipients are required to make information available to the public and to publish a program of projects which identifies the subrecipients and projects for which the State or designated recipient is applying for financial assistance. FTA uses the information to determine eligibility for funding and to monitor the grantees' progress in implementing and completing project activities. FTA collects performance information annually from designated recipients in rural areas, small urbanized areas, other direct recipients for small urbanized areas, and designated recipients in urbanized areas of 200,000 persons or greater. FTA collects milestone and financial status reports from designated recipients in large urbanized areas on a quarterly basis. The information submitted ensures FTA's compliance with applicable Federal laws and OMB Circular A-102.

Estimated Total Annual Burden: 122,374 hours.

ADDRESSES: All written comments must refer to the docket number that appears at the top of this document and be submitted to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention: FTA Desk Officer.

Comments Are Invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued on: July 14, 2009.

Ann M. Linnertz,

Associate Administrator for Administration.

Surface Transportation Board

[STB Finance Docket No. 35095]

Alaska Railroad Corporation—Construction and Operation Exemption—a Rail Line Extension to Port MacKenzie, AK

AGENCY: *Lead:* Surface Transportation Board. *Cooperating:* U.S. Army Corps of Engineers, Alaska District; Federal Railroad Administration; and United States Coast Guard.

ACTION: Notice of Availability of Final Scope of Study for the Environmental Impact Statement (EIS).

SUMMARY: The Alaska Railroad Corporation (ARRC or Applicant) petitioned the Surface Transportation Board (Board) pursuant to 49 U.S.C. 10502 for authority to construct and operate a new rail line from Matanuska-Susitna Borough's (MSB) Port MacKenzie to ARRC's existing main line between Wasilla and north of Willow, Alaska. The project would involve the construction and operation of approximately 30 to 45 miles of new rail to the main line track. Figure 1 shows ARRC's existing track and the proposed rail line extension from Port MacKenzie to ARRC's existing main line (All figures are available for viewing on the Board's Web site at <http://www.stb.dot.gov> by going to "Environmental Matters," then selecting "Key Cases" in the dropdown; and then when the next page appears, clicking "Alaska Railroad—Port MacKenzie Rail Extension").

Because the construction and operation of this project has the potential to result in significant environmental impacts, the Board's

Section of Environmental Analysis (SEA) has determined that the preparation of an Environmental Impact Statement (EIS) is appropriate. For further information about the Board's environmental review process and the EIS, you may also visit a Board-sponsored project Web site at <http://www.stbportmacraileis.com>.

To help determine the scope of the EIS, and as required by the Board's regulations at 49 CFR 1105.10(a)(2), SEA published in the **Federal Register** and mailed to the public on February 12, 2008, the Notice of Availability of Draft Scope of Study for the EIS, Notice of Scoping Meetings, and Request for Comments. SEA also prepared and distributed to the public a fact sheet that introduced ARRC's Port MacKenzie Rail Extension, announced SEA's intent to prepare an EIS, requested comments, and gave notice of six public scoping meetings to citizens; elected officials; Federal, state, and local agencies; tribal organizations; and other potentially interested stakeholders. SEA held six public scoping meetings in Knik, Big Lake, Willow, Houston, Wasilla, and Anchorage, Alaska on March 3, 4, 5, 6, 10, and 11, 2008, respectively.

The scoping comment period concluded March 21, 2008. The U.S. Army Corps of Engineers, Alaska District (USACE); Federal Railroad Administration (FRA); and United States Coast Guard (USGC) requested and were granted cooperating agency status in preparation of the EIS. After review and consideration of all comments received, this notice sets forth the final scope of the EIS. The final scope reflects any changes to the draft scope as a result of the comments, summarizes and addresses the principal environmental concerns raised by the comments, and briefly discusses pertinent issues concerning this project that further clarify the final scope.
