**General Management Plan,
Environmental Impact Statement,
Fredericksburg and Spotsylvania
National Military Park, Virginia**

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare a General Management Plan and Environmental Impact Statement, Fredericksburg and Spotsylvania National Military Park.

SUMMARY: Pursuant to section 102 (2)(C) of the National Environmental Policy Act (NEPA) of 1969, the National Park Service is preparing a General Management Plan and Environmental Impact Statement (GMP/EIS) for the Fredericksburg and Spotsylvania National Military Park (FSNMP). The park comprises approximately 8,382 acres, in the commonwealth of Virginia, in the city of Fredericksburg, and in the counties of Spotsylvania, Stafford, Orange, and Caroline.

Prepared by park staff and planners in the NPS Northeast Region, with assistance from advisors and consultants, the GMP/EIS will propose a long-term approach to managing the FSNMP. Consistent with the park's purpose, NPS policy, and other laws and regulations, alternatives will be developed to guide the management of the park over the next 15 to 20 years.

The GMP/EIS will address a range of management alternatives for natural and cultural resource protection, visitor use and interpretation, park carrying capacity, facilities development and operations. A "no action" alternative will also be considered and an agency preferred management alternative identified. The alternatives will incorporate various zoning and management prescriptions to ensure resource preservation and public appreciation of the park. The environmental consequences that could result from implementing the various alternatives will be evaluated for cultural and natural resources, visitor experience, park operations, and the socioeconomic environment. Major issues to be explored include: measures for the preservation of resources; indications of the types and general intensities of development; identification of, and implementation commitments for, visitor carrying capacities; and indications of potential boundary modifications.

Meeting Notices: The public is invited to express views, issues and concerns about the long-term management of FSNMP early in the process through public meetings and other media; and will have an opportunity to review and comment on a draft GMP/EIS. Public scoping meetings will be scheduled and consist of a discussion of the GMP/EIS process including ways that the public can be involved in providing and receiving information, and reviewing and commenting upon the draft GMP/EIS. The place and time of public scoping meetings will be announced by the NPS and noticed in local newspapers serving the area. Scoping and other periodic public meeting notices and information regarding the GMP/EIS will also be placed on the NPS Planning, Environment and Public Comment (PEPC) Web site (<http://parkplanning.nps.gov/frsp>) for continuing public review and comment.

ADDRESSES: Information related to ongoing public involvement opportunities will be provided online at the FSNMP Web site (<http://www.nps.gov/frsp>) and on the NPS PEPC Web site (<http://parkplanning.nps.gov/frsp>). Requests to be added to the project mailing list may be made electronically through the NPS PEPC Web site or by directing requests to the contacts listed below.
