BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER09-1482-000]

Sagebrush Power Partners, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

July 27, 2009.

This is a supplemental notice in the above-referenced proceeding of Sagebrush Power Partners, LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC, 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is August 17, 2009.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling

link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list.

They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov. or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2006-0394; FRL-8938-2]

Agency Information Collection Activities; Proposed Collection; Comment Request; Approval of State Coastal Nonpoint Pollution Control Programs (Renewal); EPA ICR No. 1569.07, OMB Control No. 2040-0153

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on 01/31/2010. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before September 29, 2009.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OW-2006-0394 by one of the following methods:

- <http://www.regulations.gov>: Follow the online instructions for submitting comments.

- *E-mail:* OW-Docket@epa.gov.

- *Fax:* 202-566-9744.

- *Mail:* US Environmental Protection Agency, EPA Docket Center (EPA/DC), Water Docket—Mail Code 28221T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

- *Hand Delivery:* Office of Water Docket, Environmental Protection Agency, Public Reading Room, Room 3334, EPA West Building, 1301 Constitution Ave., NW., Washington, DC 20004. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OW-2006-0394. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The

<http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Don Wayne, Assessment and Watershed Protection Division, Office of Wetlands Oceans and Watersheds, Mail Code 4503-T, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone

number: (202) 566-1170; fax number: (202) 566-1333; e-mail address: waye.don@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OW-2006-0394, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Water Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Water Docket is 202-566-2426.

Use <http://www.regulations.gov> to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.

2. Describe any assumptions that you used.

3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Offer alternative ways to improve the collection activity.

6. Make sure to submit your comments by the deadline identified under DATES.

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does this Apply to?

Affected entities: Entities potentially affected by this action are 13 coastal States with conditionally approved Coastal Nonpoint Pollution Control Programs.

Title: Approval of State Coastal Nonpoint Pollution Control Programs (Renewal).

ICR numbers: EPA ICR No. 1569.07, OMB Control No. 2040-0153.

ICR status: This ICR is currently scheduled to expire on 01/31/2010. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Under the provisions of national Program Development and Approval Guidance implementing section 6217 of the Coastal Zone Act Reauthorization Amendments of 1990 (CZARA) which was jointly developed and published by EPA and the National Oceanic and Atmospheric Administration (NOAA), 29 coastal States and 5 coastal Territories with federally approved Coastal Zone

Management Programs have developed and submitted to EPA and NOAA Coastal Nonpoint Pollution Programs. EPA and NOAA have fully approved 16 States and 5 Territories, and conditionally approved 13 States. The conditional approvals will require States and Territories to submit additional information in order to obtain final program approval. CZARA section 6217 requires States and Territories to obtain final approval of their Coastal Nonpoint Pollution Programs in order to retain their full share of funding available to them under section 319 of the Clean Water Act and section 306 of the Coastal Zone Management Act.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 375 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 13 States.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: Four.

Estimated total annual burden hours: 4,875 hours.

Estimated total annual costs: \$180,375.

Are There Changes in the Estimates From the Last Approval?

There is a decrease of 1875 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease is the result of EPA and NOAA having fully approved 21 of the 34 programs.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: July 23, 2009.

Suzanne E. Schwartz,

Acting Director, Office of Wetlands, Oceans, and Watersheds.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8938-1]

Agreement and Covenant Not To Sue

AGENCY: Environmental Protection Agency.

ACTION: Notice and request for public comment.

SUMMARY: As required by the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. 9601, *et seq.*, as amended ("CERCLA"), notice is hereby given that an Agreement and Covenant Not to Sue ("Agreement") is proposed by the United States, on behalf of the Environmental Protection Agency ("EPA"), and the Redevelopment Agency of Salt Lake City ("Settling Respondent") for a portion of the Utah Power and Light/American Barrel Superfund Site located in Salt Lake County, Utah ("Site") which Settling Respondent is proposing to purchase ("the Property").

The Site was listed on the National Priorities List in 1989. Historical operations on the Site, including a coal gasification plant, pole treating (creosote), railroad operations, and industrial barrel reclamation and storage resulted in the release of various types of hazardous substances into Site soils and shallow groundwater.

During the 1990s, Utah Power and Light Company ("UP&L") undertook certain response actions at the Site, including the Property, in order to implement the Record of Decision issued by EPA for the Site. Specific

response actions undertaken by UP&L associated with the Property included excavation, and removal of soils impacted by organic compounds (tar) and lead down to a depth of 15 feet. Construction completion was achieved in 1996 for the Site. EPA has conducted two five-year reviews in 2001 and 2006. The response action for the Site was and continues to be protective of human health and the environment. Active groundwater remediation efforts (soil vapor extraction) have been completed and shallow groundwater contamination is currently being addressed through monitored natural attenuation.

This Agreement requires the Settling Respondent to place an environmental covenant with use and activity restrictions on the Property and to pay the United States \$30,000 for future oversight of the environmental covenant. In addition, the Settling Respondent will seek, to the maximum extent practicable, to have future developers incorporate the Environmentally Responsible Redevelopment and Reuse ("ER3") components listed in Appendix D of the Agreement in future development of the Property.

DATES: Comments should be received by August 31, 2009. The Agency will consider all comments received on the proposed Agreement and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper or inadequate. The Agency's response to any comments received will be available for public inspection at the EPA Superfund Record Center, 1595 Wynkoop Street, 3rd Floor, in Denver, Colorado.

ADDRESSES: The proposed settlement and additional background information relating to the settlement are available for public inspection at the EPA Superfund Records Center, 1595 Wynkoop Street, 3rd Floor, in Denver, Colorado. Comments and requests for a copy of the proposed settlement should be addressed to Sharon Abendschan, Enforcement Specialist (8ENF-RC), Technical Enforcement Program, U.S. Environmental Protection Agency, 1595 Wynkoop Street, Denver, Colorado, 80202-2466, (303) 312-6957, and should reference the Utah Power and Light proposed Agreement.

FOR FURTHER INFORMATION CONTACT: Richard Sisk, Legal Enforcement Attorney (ENF-L), Legal Enforcement Program, U.S. Environmental Protection Agency, 1595 Wynkoop Street, Denver, Colorado 80202-2466, (303) 312-6638.

It is so agreed:

Dated: July 22, 2009.

Eddie A. Sierra,

Acting Assistant Regional Administrator, Office of Enforcement, Compliance and Environmental Justice, Region 8.

[FR Doc. E9-18392 Filed 7-30-09; 8:45 am]

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8934-6]

Office of Research and Development; Ambient Air Monitoring Reference and Equivalent Methods: Designation of One New Reference Method and Two New Equivalent Methods

AGENCY: Environmental Protection Agency.

ACTION: Notice of the designation of one new reference method and two new equivalent methods for monitoring ambient air quality.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) has designated, in accordance with 40 CFR Part 53, one new reference method for measuring concentrations of oxides of nitrogen (NO_x) in the ambient air and two new equivalent methods, one for measuring concentrations of ozone (O₃) in the ambient air and one for measuring concentrations of sulfur dioxide (SO₂) in the ambient air.

FOR FURTHER INFORMATION CONTACT: Surender Kaushik, Human Exposure and Atmospheric Sciences Division (MD-D205-03), National Exposure Research Laboratory, U.S. EPA, Research Triangle Park, North Carolina 27711. Phone: (919) 541-5691, e-mail: Kaushik.Surender@epa.gov.

SUPPLEMENTARY INFORMATION: In accordance with regulations at 40 CFR Part 53, the EPA evaluates various methods for monitoring the concentrations of those ambient air pollutants for which EPA has established National Ambient Air Quality Standards (NAAQSs) as set forth in 40 CFR Part 50. Monitoring methods that are determined to meet specific requirements for adequacy are designated by the EPA as either reference methods or equivalent methods (as applicable), thereby permitting their use under 40 CFR Part 58 by States and other agencies for determining compliance with the NAAQSs.

The EPA hereby announces the designation of one new reference method for measuring NO_x in the ambient air and two new equivalent methods, one for measuring
