

Eurocopter France: Docket No. FAA-2009-0663; Directorate Identifier 2007-SW-25-AD.

Comments Due Date

(a) We must receive comments by September 2, 2009.

Other Affected ADs

(b) None.

Applicability

(c) This AD applies to Eurocopter France (Eurocopter) Model AS 332 C, L, L1, and L2; AS 350 B3; AS 355 F, F1, F2, and N; SA 365 N and N1; AS 365 N2 and N3; SA 366 G1; EC 130 B4; and EC 155 B and B1 helicopters, certificated in any category.

Reason

(d) The mandatory continuing airworthiness information (MCAI) states that the AD is issued following a manufacturing nonconformity found on one batch of the servo-control cap, part number (P/N) 800137.

With a defective servo-control, rotation of the distributor might not be stopped mechanically since only friction of inner seals holds the distributor sleeve in its position. If not corrected this condition could cause untimely movements of servo-controls, which are used on main and anti-torque rotors, and lead to the loss of control of the helicopter.

Actions and Compliance

(e) Within 2 months after the effective date of this AD, unless already done, do the following actions.

(1) For each servo-control with a P/N and a serial number (S/N) listed in paragraph 1.A.1. of the applicable Eurocopter Alert Service Bulletin (ASB) stated in Table 1 of this AD, determine whether there is a letter "R" marked in the inspection box of the servo-control identification plate.

(2) If there is no letter "R" marked in the inspection box of a servo-control identification plate, on the next removal of

the servo-control, or not later than 2 years after the effective date of this AD, whichever occurs first, replace the servo-control with an airworthy servo-control that has an "R" marked in the inspection box of the servo-control identification plate or one with a serial number not listed in paragraph 1.A.1 of the ASB applicable to your model helicopter.

Note 1: The letter "R" marked in the inspection box of the servo-control identification plate indicates that the servo-control cap assembly has been brought into conformity with design data and has been installed properly.

(3) There are 2 identically numbered and dated ASBs. There is an ASB No. 67A010, dated February 19, 2007, that applies to the Model EC130B4 helicopters and an ASB No. 67A010, dated February 19, 2007, that applies to the Model EC 155B and B1 helicopters. You must use the ASB that applies to your model helicopter.

TABLE 1

For helicopter model	Refer to paragraph 1.A.1 of ASB
AS 332 C, L, L1, and L2	No. 67.00.37, dated February 19, 2007.
AS 350 B3	No. 67.00.40, dated February 19, 2007.
AS 355 F, F1, F2, and N	No. 67.00.28, dated February 19, 2007.
AS 365 N and N1	No. 67.00.13, dated February 19, 2007.
SA 366 G1	No. 67.08, dated February 19, 2007.
EC 130 B4	No. 67A010, dated February 19, 2007.
EC 155B and B1	No. 67A010, dated February 19, 2007.

Differences between the FAA AD and the MCAI AD

(f) This AD differs from the MCAI AD in that it:

(1) Is not applicable to the Model AS 332 C1 helicopters because they are not type certificated in the United States;

(2) Does not require returning the servo-controls to the manufacturer;

(3) Does not address servo-control "spares" (parts not installed on a helicopter);

(4) Uses the term "inspect" rather than "check"; and

(5) Includes information explaining that there are 2 ASBs with the same number and date.

Advertisements for Animals and Sharp Instruments for Use in Animal Fighting Ventures Are Nonmailable

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: The Postal Service proposes to revise our mailing standards pertaining to animal fighting ventures. We intend to harmonize our standards with section 26 (7 U.S.C. 2156) of the Animal Welfare Act as amended by the Food, Conservation, and Energy Act of 2008.

DATES: Submit comments on or before September 2, 2009.

ADDRESSES: Mail or deliver written comments to the Manager, Mailing Standards, U.S. Postal Service, 475 L'Enfant Plaza, SW., Room 3436, Washington, DC 20260-3436. FOR FURTHER INFORMATION CONTACT: Bert Olsen, 202-268-7276.

SUPPLEMENTARY INFORMATION: On June 18, 2008, Congress enacted the Food, Conservation, and Energy Act of 2008 (the 2008 Act) which amended certain provisions of the Animal Welfare Act pertaining to animal fighting ventures. The 2008 Act's amendments added prohibitions on using the mail service of the United States (1) to advertise an animal for use in an animal fighting venture, or (2) to advertise a knife, a gaff, or any other sharp instrument attached, or designed or intended to be attached, to the leg of a bird for use in an animal fighting venture. The 2008 Act also revised the definition of the term "animal fighting venture" to refer to "any event, in or affecting interstate or foreign commerce" involving a fight "conducted or to be conducted" between at least two animals. To

implement the 2008 Act's amendments and to ensure that our standards comport with the current language in section 26 (7 U.S.C. 2156) of the Animal Welfare Act, we propose the new standards below.

Although we are exempt from the notice and comment requirements of the Administrative Procedure Act [5 U.S.C. 553(b), (c)], regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites comments on the following proposed revision of the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual, incorporated by reference in the *Code of Federal Regulations*. Approval and Promulgation of State Air Quality Plans for Designated Facilities and Pollutants; West Virginia; Control of Emissions From Existing Commercial and Industrial Incineration (CISWI) Units, Plan Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve a revision to the West Virginia (WV) commercial and industrial solid waste incinerator (CISWI) 111(d)/129 plan (the “plan”). The revision contains a modified WV Department of Environmental Protection, Division of Air Quality (DAQ) rule, WV45CSR18, that streamlines the state’s regulatory structure for incinerator units into one rule which incorporates Clean Air Act (CAA), section 129 requirements. This approval action relates only to CISWI units. In the Final Rules section of this Federal Register, EPA is approving the State of West Virginia’s CISWI plan revision submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial action and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period.
