SUPPLEMENTARY INFORMATION:
Title: FNS-143, Claim for Reimbursement (Summer Food Service Program).

OMB Number: 0584-0041.

Expiration Date: August 31, 2009.

Type of Request: Revision of a currently approved collection.

Abstract: The Summer Food Service Program Claim for Reimbursement, Form FNS-143, is used to collect data on the number of meals served and cost data from sponsoring organizations whose participation in this program is administered directly by the Food and Nutrition Service (FNS) Regional Office, commonly known as Regional Office Administered Program (ROAP). The FNS Regional Office directly administers participation of the Summer Food Service Program (SFSP) for sponsoring organizations in Virginia. In order to determine the amount of reimbursement sponsoring organizations are entitled to receive for meals served, they must complete the form. The completed forms are either sent to the Child Nutrition Payments Center at the FNS Mid-Atlantic Regional Office where they are entered into an electronic payment system or sponsoring organizations may submit forms electronically via the Internet directly into the Child Nutrition Payments Center. The payment system computes earned reimbursement. Earned reimbursement in the SFSP is based on performance and is determined by comparing an assigned rate for operations and for administration per meal served to actual operational and administrative costs. To fulfill the earned reimbursement requirements set forth in SFSP regulations issued by the Secretary of Agriculture at 7 CFR 225.9, the meal and cost data must be collected on the FNS-143.

The form is an intrinsic part of the accounting system currently being used by the subject program to ensure proper reimbursement as well as to facilitate adequate recordkeeping.

Respondents: The respondents are sponsoring organizations participating

in the SFSP under the auspices of the FNS ROAP.

Estimated Number of Respondents: 121.

Estimated Number of Responses per Respondent: 3.

Estimated Hours per Response: .5.

Estimated Annual Burden Hours: 181.5.

Estimated Total Annual Burden on Respondents: 181.5 hours.

Dated: August 3, 2009.

Julia Paradis,

Administrator, Food and Nutrition Service.

SUPPLEMENTARY INFORMATION:

Title: Plant Pest, Noxious Weed, and Garbage Regulations.

OMB Number: 0579-0054.

Type of Request: Revision and extension of approval of an information collection.

Abstract: The Animal and Plant Health Inspection Service (APHIS) is authorized, among other things, to prohibit the importation and interstate movement of plants, animals, plant and animal products, noxious weeds, and other articles to prevent the introduction into and dissemination within the United States of plant and animal pests and diseases and noxious weeds.

In connection with this mission, APHIS regulates the importation and interstate movement of plant pests, noxious weeds, and waste material derived from plant or animal matter (commonly referred to as garbage) under 7 CFR parts 330 and 360 and 9 CFR part 94.

These regulations contain information collection requirements, including requirements to apply for permits to import regulated articles (e.g., plant pests, noxious weeds, or soil) or to move regulated articles interstate, requirements for facilities to be approved by APHIS to dispose of regulated garbage, and requirements for any person engaged in the business of handling or disposing of regulated garbage to first enter into a compliance agreement with APHIS. These requirements are necessary to ensure that importation and interstate movement of regulated articles, and

disposal of regulated garbage, occur under appropriate conditions to prevent the dissemination of plant and animal pests and diseases and noxious weeds.

This information collection includes information collection requirements currently approved by the Office of Management and Budget (OMB) under control numbers 0579-0054, "Plant Pest, Noxious Weed, and Garbage Regulations," and 0579-0306, "Interstate Movement of Garbage from Hawaii." After OMB approves and combines the burden for both collections under a single collection (0579-0054), the Department will retire number 0579-0306.

We are asking OMB to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.500398 hours per response.

Respondents: Importers and shippers of plant pests, noxious weeds, and other regulated articles; State plant health authorities; owners/operators of regulated garbage-handling facilities.

Estimated annual number of respondents: 25,755.

Estimated annual number of responses per respondent: 1.2193748.

Estimated annual number of responses: 31,405.

Estimated total annual burden on respondents: 15,715 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request

for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 3rd day of August 2009.

William H. Clay,

Acting Administrator, Animal and Plant Health Inspection Service.
