

business-proprietary information from the record, AVISMA did not act to the best of its ability to comply with our requests for information. Thus, we continue to find that the use of adverse facts available is warranted for AVISMA under sections 776 (a)(2) and (b) of the Act. See *Preliminary Results*, 74 FR at 15436–37. As we explained in the *Preliminary Results*, the rate of 43.58 percent we selected as the adverse facts available rate for AVISMA is the highest transaction-specific rate on the record of the proceeding that we are able to corroborate in accordance with section 776(c) of the Act. *Id.*; see also Decision Memo.

Final Results of the Review

We determine that a margin of 43.58 percent exists for AVISMA for the period April 1, 2007, through March 31, 2008.

Assessment Rates

Because we are relying on total adverse facts available to establish the dumping margin for AVISMA, we will instruct CBP to apply a dumping margin of 43.58 percent to all entries of subject merchandise during the POR that were produced and/or exported by AVISMA. We intend to issue liquidation instructions to CBP 15 days after the publication of these final results of review.

Cash-Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, consistent with section 751(a)(2)(C) of the Act: (1) The cash-deposit rate for AVISMA will be 43.58 percent; (2) for previously reviewed or investigated companies other than AVISMA, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash-deposit rate for all other manufacturers or exporters will continue to be the all-others rate established in the LTFV investigation, which is 21.01 percent. See *Notice of Antidumping Duty Order: Magnesium Metal From the Russian Federation*, 70 FR 19930 (April 15, 2005). These

deposit requirements shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act.
