

choose to settle an arbitration claim (e.g., for business reasons) notwithstanding the desire of a subject person to contest the claim. In addition, both criminal charges and convictions that are reported subsequently may have a different disposition, which may significantly change the meaning of the matter as originally reported (for example, such charges or convictions may be dismissed or expunged). Finally, FINRA does not view reportable financial matters (e.g., bankruptcies and liens) as having the same degree of materiality as final regulatory actions such that they should continue to be disclosed on a permanent basis.

FINRA will announce the effective date of the proposed rule change in a *Regulatory Notice* to be published no later than 60 days following Commission approval.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,¹¹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The proposed rule change, among other things, would enhance investor protection by providing access through the BrokerCheck program to certain information about former associated persons of a member who were the subject of a final regulatory action as defined in Form U4 that has been reported to CRD on a uniform registration form.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to

90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Self-Regulatory Organizations; NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Fee Waivers

August 7, 2009.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on July 31, 2009, NASDAQ OMX PHLX, Inc. ("Phlx" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NASDAQ OMX PHLX Fee Schedule to adopt, on a pilot basis, a waiver of the Phlx XL II Options Routing Pass-Through Fees for customer orders that are routed by the Exchange's enhanced electronic trading platform for options, Phlx XL II to away markets for execution.

The proposed fee waiver pilot would apply to transactions settling on or after July 1, 2009, and extend through December 31, 2009.

principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the NASDAQ OMX PHLX Fee Schedule to adopt, on a pilot basis, a waiver of the Phlx XL II Options Routing Pass-Through Fee (the "fee").⁴ The Exchange recently adopted the fee for executions of options orders entered into the Phlx XL II system that are routed to away markets.⁵ The Exchange now proposes to waive the fee entirely for Phlx members and member organizations using the Phlx XL II system for routing standardized equity and index options to away markets for execution. The pilot would apply to transactions settling on or after July 1, 2009, and extend through December 31, 2009.

In the filing that adopted the fee, the Exchange stated its belief that these routing fees are inherently competitive, fair and reasonable, and non-discriminatory in that they replicate the fees assessed by away markets executing orders routed from the Phlx XL II system. As with all fees, the Exchange may adjust these routing fees in response to competitive conditions by filing a new proposed rule change. This proposal represents such a response.

Competitive Conditions

The routing fee applies today when the Phlx XL II system receives an order and there is a better bid or offer on an away market that the system can access

for the execution of such order. The order is routed via Nasdaq Options Services LLC ("NOS"), a member of the Exchange, as the Exchange's exclusive order router. The sole use of NOS by the Phlx XL II system is to route orders in options listed and open for trading on the Phlx XL II system to destination markets. A particular destination market would charge NOS their applicable transaction fees, which are then passed through to Phlx, and ultimately to the initiating member. Similarly, clearing fees charged to NOS by the Options Clearing Corporation ("OCC") are passed through in this manner.

The Exchange is aware of at least one competing U.S. options exchange that does not pass through away market transaction and routing fees to the originating member. The Exchange believes that, absent a waiver of its current fee, it could lose valuable option order flow, due to the fact that a competing exchange currently does not charge such a fee.

The competition among the seven U.S. options exchanges to attract order flow from market participants is fierce. In order to maintain its share of trading volume, the Exchange must be competitive in setting its fees for all services provided, including routing of options to better-priced away markets. In fact, the market participants that will pay routing pass-through fees often will be the same market participants from whom the Exchange must attract order flow. These market participants include broker-dealers that control the handling of a large volume of customer order flow. Given the portability of order flow from one exchange to another, an exchange that would charge routing fees, while at least one other competing market does not, would risk alienating many of the same market participants on whose orders it depends for competitive survival.

The Exchange believes therefore that the proposed waiver of the fee is competitive, fair and reasonable, and non-discriminatory in that such waiver replicates the practice of at least one competing options exchange respecting routing pass-through fees.

Applicability of Fee Waiver

The proposal would apply on a pilot basis for transactions settling on or after July 1, 2009, and extending through December 31, 2009, at which time the pilot would expire. The purpose of the pilot is to give the Exchange the opportunity to review and analyze its competitive position and market share to determine the effectiveness of the fee waiver.

The proposed waiver would apply to transactions that have taken place during the month of July, 2009. As of the filing of this proposal, the Exchange's billing cycle for July, 2009 is not complete, and pass-through routing fees that would ordinarily be charged may still be waived before the July billing cycle expires. Therefore, the exchange believes that it is fair, reasonable and non-discriminatory to apply the fee waiver to transactions settling on or after July 1, 2009, and extending through the proposed December 31, 2009 pilot expiration.

Members will be notified of the fee waiver by way of an Options Trader Alert ("OTA") posted on the Exchange's Web site.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(4) of the Act⁷ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Phlx is one of seven options markets in the national market system for standardized options. Joining Phlx and electing to trade options is entirely voluntary. Under these circumstances, Phlx's fees must be competitive and low in order for Phlx to attract order flow, execute orders, and grow as a market. At least one competing market does not charge these fees and it is reasonable for Phlx to waive its pass-through routing fees as described above. As such, Phlx believes that its fees are fair and reasonable and consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and paragraph

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(4).

(f)(2) of Rule 19b-4⁹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60468; File No. SR-NYSEArca-2009-52]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Approving Proposed Rule Change To Amend the Schedule of Fees and Charges for Exchange Services

August 10, 2009.

I. Introduction

On June 10, 2009, NYSE Arca, Inc. ("NYSE Arca" or "Exchange") through its wholly-owned subsidiary, NYSE Arca Equities, Inc. ("NYSE Arca Equities"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change amending its Schedule of Fees and Charges for Exchange Services ("Fee Schedule") to revise the Listing Fees applicable to Derivative Securities Products. The proposed rule change was published in the **Federal Register** on July 7, 2009.³ The Commission received no comments on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposes amending its Fee Schedule to revise the Listing Fees applicable to Derivative Securities Products listed under NYSE Arca Rules 5.2(j)(3) (Investment Company Units), 8.100 (Portfolio Depository Receipts), 8.200 (Trust Issued Receipts), 8.201 (Commodity-Based Trust Shares), 8.202 (Currency Trust Shares), 8.203 (Commodity Index Trust Shares), 8.204 (Commodity Futures Trust Shares), 8.300 (Partnership Units), 8.500 (Trust Units), and 8.600 (Managed Fund Shares) on NYSE Arca, LLC, the equities

facility of NYSE Arca Equities. Specifically, the Exchange proposes to add a new provision to the Fee Schedule which states that in the case where a sponsor, managing owner, general partner or equivalent (collectively, the "Sponsor") is listing a new Derivative Securities Product on the Exchange for the first time, the Sponsor will be charged a one time consultation fee in the amount of \$20,000.

The proposed consulting charge would apply to all new Sponsors listing a new Derivative Securities Product for the first time on the Exchange. Therefore, under the proposal Sponsors who have previously issued a new Derivative Securities Product would not be charged the proposed consulting fee. Moreover, the current Listing and Annual Fees applicable to Derivative Securities Products would remain unchanged and be applicable to all Sponsors of Derivative Securities Products.

III. Discussion and Commission's Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange. Specifically, the Commission finds that the proposal is consistent with Sections 6(b)(4) and (b)(5) of the Act,⁴ which require, among other things, that the rules of an exchange (i) provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities, and (ii) are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

According to the Exchange, the imposition of the proposed one-time consulting charge to new Sponsors of new Derivative Securities Products is necessary to adequately compensate the Exchange for all of the additional resources dedicated to such new Sponsors, such as the additional legal and business resources required to properly advise novice Sponsors through the listing process.⁵ The Exchange believes that the proposed consulting fee would enable the Exchange to continue to provide new issuers with the level of service necessary to successfully navigate an initial launch of a Derivative Securities Product. Moreover, the Exchange has represented that the proposed new Sponsor Fee is substantially below the

⁴ 15 U.S.C. 78f(b)(4) and (b)(5).
