SUPPLEMENTARY INFORMATION:

I. Abstract

Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected parties have an opportunity to comment on information collection and recordkeeping activities (*see* 5 CFR 1320.8(d)). This notice identifies an information collection activity that the Office of the Special Trustee for American Indians has submitted to OMB for renewal.

Public Law 103-412, The American Indian Trust Fund Management Reform Act of 1994, allows Indian tribes on a voluntary basis to take their funds out of trust status within the Department of the Interior (and the Federal Government) in order to manage such funds on their own. 25 CFR Part 1200, subpart B, § 1200.13, "How does a tribe apply to withdraw funds?" describes the requirements for application for withdrawal. The Act covers all tribal trust funds including judgment funds as well as some settlements funds, but excludes funds held in Individual Indian Money accounts. Both the Act and the regulations state that upon withdrawal of the funds, the Department of the Interior (and the Federal Government) have no further liability for such funds. Accompanying their application for withdrawal of trust funds, tribes are required to submit a Management Plan for managing the funds being withdrawn, to protect the funds once they are out of trust status.

This information collection allows the Office of the Special Trustee to collect the tribes' applications for withdrawal of funds held in trust by the Department of the Interior. If this information were not collected, the Office of the Special Trustee would not be able to comply with the American Indian Trust Fund Management Reform Act of 1994, and tribes would not be able to withdraw funds held for them in trust by the Department of the Interior.
