Disestablishment of Restricted Area for Pascagoula Naval Station, Pascagoula, MS

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Proposed rule.

SUMMARY: The U.S. Navy (USN) requested that the U.S. Army Corps of Engineers (Corps) disestablish the restricted area at the former Naval Station Pascagoula in Pascagoula, Mississippi. The restricted area was established on November 9, 1992. The purpose of the restricted area was to reduce safety hazards and security risks and protect persons and property from dangers encountered in the area. In the "Rules and Regulations" section of **Federal Register**, we are publishing the restricted area disestablishment as a direct final rule without prior proposal because we view this as a non-controversial adjustment to our restricted area regulations and

anticipate no adverse comment. We have explained our reasons for this approval in the preamble to the direct final rule. If we receive no adverse comment, we will not take further action on this rule and it will go into effect. If we receive adverse comment, we will withdraw the direct final rule and it will not take effect. We will address all public comments in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

DATES: Written comments must be received by September 28, 2009.
