On October 26, 2004, the Department

environmental impacts have been  
evaluated pursuant to the National  
Environmental Policy Act of 1969, and  
a determination is made by DOE that the  
proposed action will not adversely  
impact on the reliability of the U.S.  
electric power supply system.

Copies of this application will be  
made available, upon request, for public  
inspection and copying at the address  
provided above, by accessing the
