SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

In the Matter of Super Nova Resources, Inc.; Order of Suspension of Trading

September 8, 2009.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Super Nova Resources, Inc. because questions have arisen regarding the trading in the company's stock, and the accuracy and adequacy of publicly available information concerning, among other things, the company's business operations.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT, on September 8, 2009, through 11:59 p.m. EDT, on September 21, 2009.

By the Commission.

Secretary.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The NYBX is an electronic facility of the Exchange that provides continuous execution of all NYBX orders in NYSE-listed securities with the aggregate of all orders in the NYBX facility and displayed and non-displayed orders in the DBK. Orders entered into the NYBX facility are non-displayed orders. NYBX orders may be subject to certain conditions that can affect their ability to be executed. One type of condition is a minimum size desired for execution, known as the MTV. Executions on the NYBX will not trade through a protected quotation of an automated trading center.

The Exchange seeks to amend Exchange Rule 1600 to clarify the functionality of the NYBX facility in relation to an NYBX order's ability to execute with aggregated non-displayed contra side liquidity in the DBK. An automated market data feed into the NYBX facility enables the facility to read non-displayed liquidity in the DBK ("hidden data feed") and triggers the

⁷ The terms "protected quotations" and "trade through" have the same meaning as defined in Rule 600 of Regulation NMS. These terms have been added to the definition section of Rule 1600 in the proposed amendment (see proposed subsections (b)(2)(F) and (b)(2)(I)). The proposed rule change does not impact the facility's consideration of all protected quotations of automated trading centers.
