

B. Certificate of Compliance: Total filers (executive branch): 10; private citizen filers (100%): 10; private citizen burden hours (20 minutes/certificate): 3; and

ii. Model Qualified Trust Documents:

A. Blind Trust Communications: Total users (executive branch): 5; private citizen users (100%): 5; communications documents (private citizens): 25 (based on an average of five communications per user, per year); private citizen burden hours (20 minutes/communication): 8.

B. Model Qualified Blind Trust: Total users (executive branch): 2; private citizen users (100%): 2; private citizen burden hours (100 hours/model): 200.

C. Model Qualified Diversified Trust: Total users (executive branch): 1; private citizen users (100%): 1; private citizen burden hours (100 hours/model): 100.

D.–H. Of the five remaining model qualified trust documents: total users (executive branch): 2; private citizen users (100%): 2; private citizen burden hours (100 hours/model): 200.

I.–J. Of the two model confidentiality agreements: total users (executive branch): 1; private citizen users (100%): 1; private citizen burden hours (50 hours/agreement): 50.

However, the total annual reporting hour burden on filers themselves is zero and not the 563 hours estimated above because OGE's estimating methodology reflects the fact that all respondents hire private trust administrators or other private representatives to set up and maintain the qualified blind and diversified trusts. Respondents themselves, typically incoming private citizen Presidential nominees, therefore incur no hour burden. The estimated total annual cost burden to respondents resulting from the collection of information is \$1,000,000. Those who use the model documents for guidance are private trust administrators or other private representatives hired to set up and maintain the qualified blind and diversified trusts of executive branch officials who seek to establish such qualified trusts. The cost burden figure is based primarily on OGE's knowledge of the typical trust administrator fee structure (an average of 1 percent of total assets) and OGE's experience with

administration of the qualified trust program. The \$1,000,000 annual cost figure is based on OGE's estimate of an average of five possible active trusts anticipated to be under administration for each of the next two years with combined total assets of \$100,000,000. However, OGE notes that the \$1,000,000 figure is a cost estimate for the overall administration of the trusts, only a portion of which relates to information collection and reporting. For want of a precise way to break out the costs directly associated with information collection, OGE is continuing to report to OMB the full \$1,000,000 estimate for paperwork clearance purposes.

Public comment is invited on each aspect of the model qualified trust certificates and model trust documents, and underlying regulatory provisions, as set forth in this notice, including specific views on the need for and practical utility of this set of collections of information, the accuracy of OGE's burden estimate, the potential for enhancement of quality, utility and clarity of the information collected, and the minimization of burden (including the use of information technology).

Comments received in response to this notice will be summarized for, and may be included with, the OGE request for extension of the OMB paperwork approval for the set of the various existing qualified trust model certificates, the model communications package, and the model trust documents. The comments will also become a matter of public record.

Approved: September 4, 2009.

Robert I. Cusick,

Director, Office of Government Ethics.

Indian Health Service

Request for Public Comment: 60-Day Proposed Information Collection: Indian Health Service Contract Health Services Report

AGENCY: Indian Health Service.

ACTION: Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which requires a 60-day advance opportunity for public comment on the proposed information collection project, the Indian Health Service (IHS) is publishing for comment a summary of a proposed information collection to be submitted to the Office of Management and Budget (OMB) for review.

Proposed Collection: Title: 0917-0002, "Indian Health Service Contract Health Services Report." *Type of Information Collection Request:* Three year renewal, with change of currently approved information collection, 0917-0002, "Indian Health Service Contract Health Services Report" *Form Number(s):* IHS-843-1A. Reporting formats are contained in an IHS Contract Health Services Manual Exhibit and IHS Web site. *Need and Use of Information Collection:* The IHS Contract Health Services Program needs this information to certify that the health care services requested and authorized by the IHS have been performed by the Contract Health Services provider(s); to have providers validate services provided; to process payments for health care services performed by such providers; and to serve as a legal document for health and medical care authorized by IHS and rendered by health care providers under contract with the IHS.

Affected Public: Patients, health and medical care providers or Tribal Governments.

Type of Respondents: Health and medical care providers.

The table below provides: Types of data collection instruments, Estimated number of respondents, Number of responses per respondent, Annual number of responses, Average burden hour per response, and Total annual burden hours.

Data collection instrument(s)	Estimated number of respondents	Responses per respondent	Annual number of responses	Average burden hour per response*	Total annual burden hours
IHS-843-1A	7,424	51	326,145	0.05 (3 mins)	16,307
IDS**	15,157	1	15,157	0.05 (3 mins)	757
Total	22,581	17,064

* For ease of understanding, burden hours are also provided in actual minutes.

** Inpatient Discharge Summary (IDS)

There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Request for Comments: Your written comments and/or suggestions are invited on one or more of the following points: (a) Whether the information collection activity is necessary to carry out an agency function; (b) whether the IHS processes the information collected in a useful and timely fashion; (c) the accuracy of the public burden estimate (this is the amount of time needed for individual respondents to provide the requested information); (d) whether the methodology and assumptions used to determine the estimate are logical; (e) ways to enhance the quality, utility, and clarity of the information being collected; and (f) ways to minimize the public burden through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Send Comments and Requests for Further Information: Send your written comments and requests for more information on the proposed collection or requests to obtain a copy of the data collection instrument and instructions to: Ms. Betty Gould, Reports Clearance Officer, 801 Thompson Avenue, TMP, Suite 450, Rockville, MD 20852, call non-toll free (301) 443-7899, send via facsimile to (301) 443-9879, or send your e-mail requests, comments, and return address to: Betty.Gould@ihs.gov.

Comment Due Date: Your comments regarding this information collection are best assured of having full effect if received within 60 days of the date of this publication.

Dated: September 3, 2009.

Yvette Roubideaux,
Director, Indian Health Service.

Centers for Disease Control and Prevention

[30Day-09-0669]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-4766 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Evaluation of State Nutrition and Physical Activity Programs to Prevent Obesity and Other Chronic Diseases [OMB# 0920-0669 exp. 6/30/2011]—Revision—National Center for Chronic Disease Prevention and Health Promotion (NCCDHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

In order to prevent and control obesity and other chronic diseases, CDC established state-based nutrition and physical activity programs to support the development and implementation of nutrition and physical activity interventions, particularly through population-based strategies such as policy-level changes, environmental supports and the social marketing process. The overall programmatic goal is to promote population-based behavior change, such as increased physical activity and better dietary habits, thus leading to a reduction in the prevalence of obesity, and ultimately to a reduction

in the prevalence of chronic diseases. CDC funding for state nutrition and physical activity programs may be used for capacity building, collaboration, planning, monitoring the burden of obesity, intervention, and evaluation.

CDC is currently approved to collect information from funded states as described in “Evaluation of State Nutrition and Physical Activity Programs to Prevent Obesity and Other Chronic Diseases” (OMB no. 0920-0669, exp. date 06/30/2011). The evaluation framework for the information collection was designed to focus on recipient activities as outlined in the original funding announcement. Since that time, CDC reissued the cooperative agreement with minor adjustments to program focus and reporting requirements. In the current Revision request, CDC proposes to implement changes to the information collection which reflect those adjustments.

Planned modifications include: collection of additional data items pertaining to “success stories” and two new behavioral target areas (consumption of sugar-sweetened beverages and consumption of high energy-dense foods); deletion of questions that are no longer relevant; wording changes to improve clarity; and minor changes to the response categories for some questions. CDC also proposes a new, simplified title for the OMB Information Collection Request: “Monitoring State Nutrition, Physical Activity and Obesity Programs.”

CDC anticipates an overall reduction in burden based on a reduction in the number of respondents, reduction of the estimated burden per response, and reduction in the frequency of information (from a semi-annual schedule to an annual schedule). OMB approval is requested for three years. There are no costs to the respondents other than their time. The total estimated annualized burden hours are 250.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
State Awardees	25	1	10
