

households to improve their diet by increasing their food purchasing power. As the nation's primary public program for ensuring food security and alleviating hunger, the SNAP needs to regularly monitor food security conditions among its target population. This monitoring need requires that USDA continue basic data collection, analysis, and evaluation.

Need and Use of the Information: The data collected by the food security supplement will be used to monitor the prevalence of food security and the prevalence and severity of food insecurity among the Nation's households. The prevalence of these conditions as well as year-to-year trends in their prevalence will be estimated at the national level and for population subgroups. The data also will be used to monitor the amounts that households spend for food and their use of community food pantries and emergency kitchens.

Description of Respondents: Individuals or Households.

Number of Respondents: 54,400.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 6,916.

Patent and Trademark Office

Submission for OMB Review; Comment Request

The United States Patent and Trademark Office (USPTO), in order to extend the public comment period due to a delay in submission, is republishing the Comment Request originally published on August 11, 2009 (74 FR 40165). This notice announces the intent to submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35)

Agency: United States Patent and Trademark Office (USPTO).

Title: Customer Panel Quality Survey.

Form Number(s): None.

Agency Approval Number: 0651-

0057.

Type of Request: Revision of a

currently approved collection.

Burden: 406 hours.

Number of Respondents: 2,386

responses.

Avg. Hours per Response: The USPTO estimates that it takes the public approximately 10 minutes (0.17 hours) to complete either the paper or the online survey. This includes the time to gather the necessary information, respond to the survey, and submit it to the USPTO.

Needs and Uses: Individuals who work at firms that file more than six patent applications a year use the Customer Panel Quality Survey to provide the USPTO with their perceptions of examination quality. The USPTO uses the feedback gathered from the survey to assist them in targeting key areas for examination quality improvement and to identify important areas for examiner training.

Affected Public: Individuals or households; business or other for profit; and not-for-profit institutions.

Frequency: Semi-annually.

Respondent's Obligation: Voluntary.
