[Docket No. CP09-452-000]

National Fuel Gas Supply Corporation; Notice of Request Under Blanket Authorization

September 10, 2009.

Take notice that on August 5, 2009, National Fuel Gas Supply Corporation (National Fuel), 6363 Main Street, Williamsville, New York 14221, filed in Docket No. CP09-452-000, a prior notice request pursuant to sections 157.205 and 157.216 of the Federal Energy Regulatory Commission's regulations under the Natural Gas Act for authorization to abandon certain minor underground natural gas storage facilities, located in Jefferson County, Pennsylvania, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, National Fuel proposes to plug and abandon one injection/withdrawal well, Well 4885 and to abandon the associated well line GW-4885, consisting of approximately 500 feet of 4-inch diameter pipeline, in the Galbraith Storage Field, located in Jefferson County, Pennsylvania. National Fuel states that the well is no longer useful due to poor injection performance and poor deliverability and needs to be reconditioned or plugged due to deterioration of the well casing. National Fuel declares that the well line will serve no purpose once the well is plugged and abandoned. National Fuel asserts that due to the poor performance of Well 4885, the proposed abandonment will not result in a material decrease in service to customers.

National Fuel states that due to inadvertence, a landowner notification letter was not sent out within three business days following the date that the docket number was assigned. National Fuel requests that the Commission issue a second notice to restart the 60-day protest period.

Any questions regarding the application should be directed to David W. Reitz, Deputy General Counsel, National Fuel Gas Supply Corporation, 6363 Main Street, Williamsville, New York 14221, or call at (716) 857-7949.

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Kimberly D. Bose,
Secretary.

[Docket No. CP09-6-000; Docket No. CP09-7-000]

LNG Development Company, LLC; Oregon Pipeline Company, LLC; Supplemental Notice of Onsite Environmental Review

September 10, 2009.

On September 15, 16, and 17, 2009, the Office of Energy Projects staff will be in Clackamas, Marion, Yamhill, Washington, Columbia and Clatsop Counties, Oregon to gather data related to the environmental analysis of the proposed Oregon LNG Terminal and

Pipeline Project. Staff will examine specific locations along the proposed pipeline route variations filed by Oregon Pipeline Company on July 30, 2009, focusing on crossing locations of streams, wetlands, and riparian areas. Staff will also examine selected areas where the proposed Oregon LNG Pipeline and Palomar Pipeline routes would be parallel. This will assist staff in completing its comparative evaluation of environmental impacts of the two routes. Viewing of these areas is anticipated to be from public access points. In addition, staff will travel to the proposed LNG terminal site in Clatsop County, Oregon to evaluate issues regarding access to the LNG terminal and impacts on nearby industrial facilities.

All interested parties planning to attend must provide their own transportation. Those attending should meet at the following locations:

- *Tuesday, September 15, 2009 at 3 p.m. (PST)* meet at the Molalla Gate Station, 10405 South Barnards Road (between Dryland Road and Elisha Road), and Molalla, Oregon.

- *Wednesday, September 16, 2009 at 8 a.m. (PST)* meet at the Red Lion Hotel Parking Lot, 2535 NE Cumulus Ave, McMinnville, Oregon.

- *Thursday, September 17, 2009 at 8 a.m. (PST)* meet near the LNG terminal site entrance (intersection of Harbor Drive and King Avenue) in Warrenton, Oregon.

Please use the FERC's free eSubscription service to keep track of all formal issuances and submittals in these dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. To register for this service, go to <http://www.ferc.gov/esubscribenow.htm>.

Information about specific onsite environmental reviews is posted on the Commission's calendar at <http://www.ferc.gov/EventCalendar/EventsList.aspx>. For additional information contact Office of External Affairs at 1-866-208-FERC (3372).

Kimberly D. Bose,
Secretary.
