

Wave 6 interviews will be conducted from May 1, 2010 through August 31, 2010.

A 10-minute reinterview of 3,100 people is conducted at each wave to ensure accuracy of responses. Reinterviews require an additional 1,553 burden hours in FY 2010.

II. Method of Collection

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every few years with each panel having durations of 1 to 4 years. All household members 15 years old or over are interviewed using regular proxy-respondent rules. During the 2008 panel, respondents are interviewed a total of 13 times (13 waves) at 4-month intervals making the SIPP a longitudinal survey. Sample people (all household members present at the time of the first interview) who move within the country and reasonably close to a SIPP primary sampling unit will be followed and interviewed at their new address. Individuals 15 years old or over who enter the household after Wave 1 will be interviewed; however, if these individuals move, they are not followed unless they happen to move along with a Wave 1 sample individual.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division, at the address listed above. Comments may also be submitted by facsimile to (301)713-0376, or by email

to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Tammy Adams or Kate Swails, (301)713-2289.

SUPPLEMENTARY INFORMATION: On September 8, 2008, notice was published (73 FR 52027) of a request for a permit under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

The applicant has amended the application to request the permit include annual harassment of up to 250 threatened Eastern Distinct Population Segment Steller sea lions (*Eumetopias jubatus*) and 100 Southern Resident killer whales (*Orcinus orca*) incidental to aerial surveys and underwater playback experiments, respectively.

The amended application still proposes conduct of research on Pacific harbor seals (*Phoca vitulina*), California sea lions (*Zalophus californianus*), and northern elephant seals (*Mirounga angustirostris*) within coastal waters and on pinniped rookeries and haul outs of Washington and Oregon. Please refer to the table in the amended application for the numbers of animals proposed for taking, and the locations and manner of such taking.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a draft environmental assessment (EA) has been prepared to examine whether significant environmental impacts could result from issuance of the proposed scientific research permit. Based on the analyses in the EA, it is NMFS initial determination that issuance of the permit would not significantly impact the quality of the human environment and that preparation of an environmental impact statement is not required.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: September 14, 2009.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

Certain Polyester Staple Fiber from the Republic of Korea: Extension of Time Limit for the Final Results of the 2007-2008 Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: September 18, 2009.

FOR FURTHER INFORMATION CONTACT:

Shelly Atkinson or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone (202) 482-0116 and (202) 482-0182, respectively.

SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("the Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On June 9, 2009, the Department published the preliminary results of the 2007-2008 administrative review of the antidumping duty order on certain polyester staple fiber from the Republic of Korea. *See Certain Polyester Staple Fiber from the Republic of Korea: Preliminary Results of the 2007/2008 Antidumping Duty Administrative Review*, 74 FR 27281 (June 9, 2009). In our preliminary results, we stated that we would issue our final results for the antidumping duty administrative review no later than 120 days after the date of

publication of the preliminary results (*i.e.*, October 7, 2009).

Extension of Time Limits for Final Results

The Department has determined that completion of the final results of this review within the original time period is not practicable because the Department conducted verification late in the proceeding, from July 27, 2009, through July 31, 2009, and needs additional time to analyze information collected at verification in preparation for the final results. Thus, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of review by an additional 60 days, until December 7, 2009.¹

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: September 11, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Wooden Bedroom Furniture from the People's Republic of China: Extension of the Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: September 18, 2009.

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen or David Edmiston, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-2769 or (202) 482-0989, respectively.

SUPPLEMENTARY INFORMATION: On February 26, 2009, the Department of Commerce ("Department") published a notice of initiation of an administrative

review of the antidumping duty order on wooden bedroom furniture from the People's Republic of China. *See Initiation of Antidumping Duty Administrative Review*, 74 FR 8776 (February 26, 2009). The period of review is January 1, 2008, through December 31, 2008. The preliminary results of the administrative review are currently due no later than October 5, 2009.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the "Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time period to a maximum of 365 days. Completion of the preliminary results of this review within the 245-day period is not practicable because the Department needs additional time to analyze information pertaining to the respondents' sales practices, factors of production, and corporate relationships, to issue and review responses to supplemental questionnaires, and then verify the submitted information. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is fully extending the time period for completing the preliminary results of the instant administrative review until February 1, 2010, the first business day after the fully extended due date of January 31, 2010. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to sections 751(a) and 777(i) of the Act.

Dated: September 14, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
