Amended Certification Regarding
Eligibility To Apply for Worker
Adjustment Assistance**

In accordance with section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 13, 2009, applicable to workers of Atlas Copco Comptec LLC, a subsidiary of Atlas Copco North America LLC, including on-site leased workers of Office Team and FPI Mechanical, Voorheesville, New York. The notice will soon be published in the **Federal Register**.

At the request of company official, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of oil free air compressors and Airtec Cores for oil free air compressors used in industrial applications.

The Department is also amending the certification to add workers engaged in employment related to production of oil free air compressors and Airtec Cores for oil free air compressors used in industrial applications.
